

BRAZILIAN TROOPS LAUNCH MAJOR ATTACK ON REBELS

EASTLAND GUN BATTLE CLAIMS OFFICER'S LIFE

CITY POLL TAX RECEIPT NOT NECESSARY TO VOTE JULY 26

SAO PAULO CITY SUFFERS MUCH DAMAGE BY SHELLS

BUENOS AIRES, July 23.—Brazilian Federal troops have begun their long expected major attack on the rebel forces in Sao Paulo City, according to messages here today. Strong infantry units, supported by tanks and airplanes, advanced on the rebel entrenchments on three sides of the coffee capital yesterday afternoon following an artillery bombardment of 48 hours.

Sao Paulo City has been badly damaged, the messages said. Many of the fine buildings in the center of the city were partly destroyed by shell fire. The city has been partly evacuated by the civilian population. A number of American refugees left Santos by northbound ships yesterday.

More than 20,000 men were in action and the continuous roar of artillery was heard in Santos, more than 20 miles away, radio messages said.

Meantime other dispatches said dissatisfaction had broken out among Federal reinforcements sent from Rio Grande do Sul to aid in the final attack on Sao Paulo. A number of officers were arrested.

The food shortage in Sao Paulo City has reached the stage of a new famine, other advices said and the rebels are handicapped by lack of a well organized commissary.

Many To Be Away Saturday As Shown By Absentee Voting

Allen Gillespie, appointed as a deputy by County Clerk J. L. Day, for the purpose of accommodating voters who will not be at home Saturday, states that about twenty citizens have already cast their votes in the Democratic primaries. The law provides for absentee voting and the great interest in the elections is shown by the big number who have already voted and who will be out of the community Saturday when the Democratic primaries are held. Mr. Day is available to anyone desiring to take advantage of this law and anyone desiring to see him may find him at the Prudergast Smith National bank. He attaches the ballot to the poll tax receipt and mails the votes to the county clerk daily. Each day, he says, shows an increase in number thus cast.

Shiloh Methodists Holding Revival; Datura Meet Closed

Rev. G. W. Kincheol, pastor of the Shiloh Methodist Church, is conducting a revival at Shiloh this week. Rev. W. B. Andrews preached at this meeting last Monday night.

Rev. Kincheol closed his meeting last week at Datura, which was marked by the addition of six members to the church there and by a revival in the hearts of the membership and citizens of that section generally.

The Shiloh revival will continue all the week and it is hoped that it will witness the conversion of many souls.

THURSDAY'S ISSUE TO CARRY POLITICAL ADS OF DEMOCRATS IN RACE

Thursday's issue will be the Democratic Primary number of The Mexia Daily News. All candidates for precinct, county and district offices have been invited to use the edition to make their final appeal for votes in the coming elections. Many have already submitted their statements and these will prove quite valuable to the voters in deciding his vote.

NEW GRAIN KING OF AMERICA

This is the first photograph of Arthur W. Cutten, of the Chicago Board of Trade, a Canadian by birth, who has been hailed as the new "Grain King of America," by virtue of his foresight in buying, months ago, huge quantities of corn and wheat. He has already profited nearly \$2,000,000 by the recent large advances in prices on these two commodities. He bought corn at less than 60 cents a bushel and began unloading around \$1.10. His profits on wheat were as great.

Mexia Elks Furnish Musical Treats For Reunion At Fairfield

Many from this community are now attending the annual reunion now going on at Fairfield.

Tom Lindley, Adjutant of the W. L. Moody Camp No. 87, U. C. V., has sent out a general invitation to all surrounding counties and communities, urging a most cordial invitation to the public to join with them there in the annual celebration and festivities. The reunion is a three days affair, beginning Tuesday and will conclude Thursday.

DUB TOURNAMENT NEXT TUESDAY AT COUNTRY CLUB

Member of the Mexia Country club are getting much excited over the "Dub Tournament" to be given at the golf links here July 29.

If a golf bug shoots from 51 to 58 inches, he is entitled to enter this tournament.

The tryout will continue until Monday morning, July 28, having started today. All scores are to be signed and turned in to Val Horn at the Anderson and Horn Drug Store.

On Tuesday, July 29th the matches will be paired starting at 4 p.m. and at five minute intervals thereafter. The matches will be played under official rules of the club and each match will have a lady score keeper. Since no bookkeeping thus will interfere with the game, all golf players are expected to enter who are entitled to do so.

Special prizes will be given as follows:

Booby prize to one taking the greatest number of strokes to shoot the course. Prof. "Hendie" will give one less on free.

First prize to one shooting the lowest score in this tournament. Karner & Phillips will give a pair of Bostonian Special "Kanny-Grip" golf shoes.

Second prize to one shooting the second lowest score in this tournament. Anderson and Horn will give your choice of any golf club in their stock value, to \$7.50.

Adjutant Lindley states that this is not only a county institution but is one of the big events of the year. He predicts that the event will be the greatest yet attempted.

Prominent speakers have been secured for the program, including Hon. Luther Johnson of Corsicana, Congressman from this District.

The Elks band of this city is furnishing music daily and in the evenings the Elks orchestra is enlivening the occasion for those who enjoy and participate in dancing.

Little Girl Breaks Arm While Climbing Into Chair At Home

Little Zelva Copeland, 5 year old daughter of Jessie Copeland who resides about 7 miles south of Mexia on the B. B. Parsons place, while climbing into a chair on the porch at her home Sunday, fell and sustained a broken arm just above the elbow. She was given medical attention by Dr. Z. T. Goodby and today was brought into town for a X-ray picture of the injury by Dr. W. C. McKnight. Friends will be glad to learn that the little lady is doing nicely.

OPENING PRICES

NEW YORK, July 23.—The stock market opened steady. United States Steel 110 3-8, off 1-4; American Wool 72 1-4, up 1-4; Northern Pacific 67 3-8, up 1-2; American Can 118 3-8, up 1-2; Reading 59 1-2, up 5-8; Kennecott 44 5-8, up 1-4; Southern Pacific 95 1-4, up 1-4; A. T. & T. 123 1-8; Norfolk & Western 123 3-8, off 1-8; C. & O. 86 3-4; General Electric 248 1-8, off 1-4; Anaconda 36 1-2, up 1-8; Studebaker 37 5-8, off 1-8; Sinclair 17 7-8, up 1-8; Bethlehem Steel 43 1-8, off 1-2; American Sugar 45, up 1-2; Baldwin 116 3-4, off 1-4; Union Pacific 140 7-8, up 3-4; American Locomotive 79 3-4, up 1-2.

NEW YORK, July 23.—Foreign exchange opened lower; Sterling \$4.40 3-4, francs .0517; lire .0432 1-2; Belgian .0402; marks 4.219 billion to the dollar.

OPINION HOLDS STATE POLL TAX ONLY NEEDED

AUSTIN, Texas, July 23.—City poll tax receipts are not necessary in the primary election next Saturday, or in any election in this state, the attorney general ruled in an opinion given in answer to numerous inquiries. The opinion holds that the state poll tax receipt is sufficient.

The Mexia ballot is as follows: Democratic Primary Ballot I am a Democrat, and pledge myself to support the nominees of this Primary Election.

For United States Senator Fred W. Davis of Travis County Morris Sheppard of Bowie County John F. Maddox of Harris County For Governor

Felix D. Robertson of Dallas County V. A. Collins of Dallas County Joe Burkett of Eastland County T. W. (Whit) Davidson of Harrison County

Thomas D. Barton of Potter County Miriam M. Ferguson of Bell County W. E. Pope of Nueces County Lynch Davidson of Harris County George W. Dixon of Harris County For Lieutenant Governor

Will C. Edwards of Denton County John D. McCall of Jefferson County Wallace Malone of Tarrant County Harry Miller of Dallas County

For Attorney General Edward B. Ward of Nueces County Dan Moody of Williamson County John C. Wall of Grayson County J. M. Nelson of Hopkins County

For Comptroller S. H. Terrell of McLennan County A. J. Smith of Haskell County Don F. Smith of Galveston County O. D. Baker of Milam County

Construction Worker Admits Killing McLeary

NASHVILLE, Tenn., July 23.—After hours of grilling Frank Harroll, 22, construction worker, arrested here last night in connection with the murder of Major Samuel H. McLeary, near Columbia, S. C. July 2nd, made a complete confession. Harroll told in detail how he and M. N. King killed Major McLeary after the army officer had offered to give them a ride in his automobile, according to police.

GOVERNOR HINKLE WILL NOT FREE NEWSPAPER MAN

LAS VEGAS, N. M., July 23.—Governor Hinkle refused to order National Guard troops to free Carl Magee, editor of the New Mexico State Tribune, in jail at Las Vegas for contempt of court, as requested by Adjutant General Skipwith. The governor said the case must go to the Supreme Court to be decided. He indicated, however, that he would arrange for Magee's release on bonds pending appeal. Magee was sentenced Tuesday, and the governor immediately issued a pardon which Sheriff Delgado refused to recognize, holding that the governor could not pardon for direct contempt. Skipwith thereupon asked permission to use troops to secure his release.

LAS VEGAS, N. M., July 23.—Sheriff Delgado today refused flatly to honor the pardon issued Carl C. Magee, editor of the New Mexico State Tribune, a Scripps-Howard newspaper under sentence of three months' imprisonment after being held guilty of contempt of court.

Sentence was pronounced by Judge David J. Leahy and a pardon was immediately issued by Governor J. F. Hinkle. The sheriff held Governor Hinkle had no power to pardon for direct contempt.

Adjutant General Skipwith informed the sheriff of the pardon issued by the Governor and when release of Magee was refused, the adjutant general was reported to have requested the Governor for authority to use a National Guard unit in summer training encampment to force the sheriff's release.

Sheriff Delgado, informed of the report that troops might be used to release Magee, said:

"Let them try to get him, Magee is my prisoner by order of the court and I am going to keep him there until the court orders his release. I am going to hold Magee as long as his sentence runs unless the court orders him freed in the meantime."

The situation in East Las Vegas as a result of Magee being jailed, was admittedly tense. Crowds of sympathizers of the editor's fight to break up what he claimed was a rotten political machine in New Mexico, attempted to gather around the jail during the night. They were dispersed immediately by the sheriff's deputies.

In case the sheriff continues in his refusal to release the editor, the only way he can escape scrutiny the sentence will be by issuance of a court order, or freeing him through force.

Magee has carried on a fight against alleged corrupt political conditions through his newspapers for several years. Last year he was found guilty of contempt and was fined heavily and sentenced to prison. He was pardoned by Governor Hinkle before serving any of the sentence.

The editor's attacks on Judge Leahy have been particularly bitter. He charged in editorials that the Leahy court was the heart of the "corrupt" political ring.

MISTAKEN IDENTITY BELIEVED CAUSE OF TROUBLE WHEN MAN KILLS "ONE OF BEST FRIENDS"

EASTLAND, Texas, July 23.—The shooting is believed to be the result of mistaken identity. Davis had brought two girls and one boy to jail after apprehending them in his melon patch. The boy was lodged in jail and the girls were released. Missing his train back to Ranger, Davis returned to the jail to spend the time waiting. Mistaking him for an intruder, it is believed that Hennessee demanded that Davis throw up his hands, when the shooting started.

THORNTON TEST NOW WATCHED WITH MUCH INTEREST

The Trout wildcat test near Thornton is being watched with interest by scouts and representatives of major and other oil companies today. Many were attracted to the site last night and early this morning. It is understood, from the last reports secured from the drilling site, that the workmen are taking a core of the test and is in sandy shale. It is showing some gas, too. Not much leasing activity has been reported yet but it is believed that if developments are encouraging today that much activity will begin. The Austin chalk is reported to have been found much lower than in the Mexia field.

Scouts and operators continue to watch with much interest the developments at the Sun Company's A. N. Brown test at Richland. A fair oil showing is said to be made, but no considerable production has yet been realized.

Production at Richland holds up to 12,000 barrels or more a day. The outpost test of A. M. McIntyre on the Mrs. Richards tract, is of utmost importance at this time. Its successful completion will mean an extension of at least two miles. O'Byrne has machinery moved into his location on the Morrow tract, 2,500 feet from the McIntyre test.

McIntyre is down almost to the 2,700-foot level, and is said to have gone out of the chalk at a regular depth. This is looked upon by oil men with favor, with what is considered a good indication.

State To Demand Hanging Of Boys In Murder Case

CHICAGO, July 23.—The state will not be satisfied unless Nathan Leopold and Richard Loeb, millionaire youths, hang for the murder of Robert Franks, State's Attorney Crowe declared as the trial bizarre murder case got under way. Justice Sawyer first rearranged the boys, asking whether they wanted to change their pleas after two days consideration. The defendants replied that they had not changed their minds.

POLITICS MAKE STRANGE BED FELLOWS AND ITS WINGS ARE VERY SWIFT

Certain candidates for office are understood to be doing their utmost to line up one part of the county against another. For example, when they seek votes in the South of the County, they apply many harsh terms to Mexia and Mexia citizens in particular. Then perhaps the next day, they come to this end of the county and seek votes from the folks they criticized so severely the day before. Limestone county citizens are too united; they are too friendly one towards another for anyone to get very far with this sort of campaigning and so it is that unbecoming remarks spoken in one part of the county one day usually beat the candidates using them back to the area referred to. Politics makes strange bed fellows and its wings are very swift.

The shooting is believed to be the result of mistaken identity.

Davis had brought two girls and one boy to jail after apprehending them in his melon patch. The boy was lodged in jail and the girls were released. Missing his train back to Ranger, Davis returned to the jail to spend the time waiting. Mistaking him for an intruder, it is believed that Hennessee demanded that Davis throw up his hands, when the shooting started.

Several days ago Eastland county officers, accompanied by Rangers, went to Stephens county, raided several stills and returned some prisoners here. Apprehension of Hennessee that friends of these prisoners were attempting to free them, caused his cautiousness at the jail door, according to the belief of friends of both men.

"Poor old John, I would not have shot him for anything if I had known who he was. He was one of the best friends I had," is the statement made by Davis to Chief of Police Lawrence here following the shooting.

Miners Released On \$5,000 Bonds

WILBURTON, Okla., July 23.—With six men at liberty under \$2,000 bond each awaiting preliminary hearing July 29, upon charges of riot, officers went ahead today rounding up other alleged participants in the raid by union miners upon the Kala-Inla open shop mine near Hartshorne last week when nonunion workers were forced to leave work under pressure.

Six men were arrested late yesterday upon warrants charging riot and riot incitement. The men, five whites and one negro, pleaded not guilty and were released on bond after a hearing here last night.

Several additional warrants were in the hands of Sheriff Austin Parks for service today but officers refused to indicate the number.

The six alleged agitators released under bond were Bert Loudermilk; Allen Mayfield, Earl Patterson, Emmett Lackey, Charles Leonard and John Lindsay, negro. The arrests were made principally from the coal mine settlement of Hartshorne in Pittsburg county, Austin said.

Conditions were quiet here today with the departure of Adjutant General Baird Markham from Oklahoma City and local officers were in charge of the situation.

Machen To Speak In Mexia Tonight

Chester H. Machen, of this city, candidate for District Judge of the 87th District Court, composed of Lime stone and Freestone counties, is to speak in behalf of his candidacy in this city tonight. The meeting will be held in the open on down town streets reserved for the occasion. Seats will be reserved for the ladies and since the date has been widely advertised, one of the largest political gatherings of the year is expected to be present to hear the issues of the campaign discussed.

Fallon Baptists Holding Revival

The Baptists of Fallon are this week holding a revival in the church there. Quite a number from Mexia are attending the services and assisting in the meeting. The preaching is being done by Rev. Bullock. Coming in the midst of the political primaries, the large attendance upon the services is considered highly gratifying and much good is being done, according to reports brought back each day by Mexia citizens who attend.

COMMISSION'S RULING SAID TO FAVOR FARMERS

WASHINGTON, July 23.—A \$30,000,000 annual saving in the cost of steel to farmers in eleven Western States is promised by the Federal Trade Commission in a sweeping decision ordering the United States Steel Corporation to abandon the "Pittsburgh plus" system of fixing the price of steel.

The attitude of the United States Steel Corporation, controlling 50 per cent of the steel industry of the country, regarding the commission's decision, was awaited with great interest here today, especially as to whether the corporation will contest the decision in the courts. The "Pittsburgh plus" question provoked one of the bitterest fights ever brought before the Federal Trade Commission.

The system, which the decision of the Federal Trade Commission outlawed, is that by which the Steel Corporation and each of its subsidiary plants fixes prices for steel outside the Pittsburgh district. The price formula is: The base price at Pittsburgh, plus a sum equaling what the freight charge from that city would be. This meant that wherever a steel purchase was made, the buyer would have to pay the price at Pittsburgh plus freight rates from Pittsburgh even if the product were delivered from a point nearer the purchaser.

The reasons given by the commission for its decision are:

That the system is an unfair method of competition;

Is a violation of the Federal Trade Commission act;

Is a price discrimination in violation of the Clayton act;

Is contrary to the public interest;

Is not based on the law of supply and demand;

Is a price fixing system succeeding the old "steel pool" and "Gaty dinners."

That it decreases and eliminates competition, hinders business in all steel centers except Pittsburgh, adds to the cost of steel and finally is made possible through the domination of the steel industry by the United States Steel Corporation.

Among the most important effects of the abandonment of the Pittsburgh plus system, the commission declared in its decision, will be to strengthen the steel centers outside Pittsburgh, tending to the betterment and Western steel industry and natural advantages of their localities.

Stating that the decision will eliminate the commission states that the abandonment of the Pittsburgh plus system will bring about price competition and will decentralize the steel industry and industries consuming steel.

Commissioner Gaskill issued a dissenting opinion, declaring the commission to be without authority to restrain the Steel Corporation.

Old-Time Gold District Now Popular With Big Game Hunters

BIG GRIZZLY KILLED IN THE CARIBOO

The one-time famous gold area in British Columbia, known as the Cariboo, is coming back into the limelight as a great sporting country. Some of the most satisfactory bear and caribou hunting is to be had there and each season for the past five years has seen larger numbers of American hunters seeking their sport royal in that district.

Quesnel Lake and River are growing in popularity. They are reached from Ashcroft on the main trans-continental line, and E. S. Knight, an outfitter of that place, has built a fine camp on Lake Quesnel from which short excursions lead into the best hunting areas. Fishing is exceptionally good in both lake and river, often yielding record catches of big Dolly Varden trout, Rainbow, cut-throat and lake trout are also plentiful. Knight can outfit and guide any sort of party, big or

little. Other outfitters are W. G. Adler, Brown Meadows Ranch, 70 Mile House P. O., B. C., who operates in the Lillooet and Southern Cariboo sections; Messrs. Kibbe and Reed and Thompson Bros. of Barkerville, B. C., who also are experienced in handling hunting parties; cover exceptionally good moose and caribou country, with opportunities for bagging grizzly, black and brown bear. Arrangements should be made well in advance with all outfitters by hunting parties going into the Cariboo District.

Louis Willey of Barkerville, B. C., describes his last year's hunt as follows: "Regarding my trip at Barkerville, B. C., with Knight, I sure had a fine trip and bagged what I went after. Traveled by Soo Line from Chicago without a change (Friday); Moose, Sept. 15th to Dec. 15th; Game birds—ducks, geese, bant or rails, Sept. 15 to Dec. 30th. Small fur-bearing animals of many kinds are plentiful.

then after 8 miles of packing and crossing a 10-mile lake, we found ourselves in a real hunters' paradise. I brought out the finest specimen of caribou in the world and two other fine ones. I am going back after grizzlies this fall."

Open seasons for big game in British Columbia are: Caribou (male only), Sept. 1 to Dec. 15th; Mountain Sheep, Sept. 1 to Nov. 15 (male only, limit 1); Mountain Goat, Sept. 1st to Dec. 15th; Bear, Sept. 1st to June 15th (bag limit, 3 of any species other than grizzly); Moose, Sept. 15th to Dec. 15th; Game birds—ducks, geese, bant or rails, Sept. 15 to Dec. 30th. Small fur-bearing animals of many kinds are plentiful.

WATCHING THE SCOREBOARD

Yesterday's hero—"Gabby" Hartnett, Cubs catcher. He cracked out a brace of homers, the second day he has done so this week.

Ty Cobb's Tigers took the Yanks in their own stadium and shook them out of first place. Pegnack and Wells engaging in a pitching duel which ended in the latter's favor, 3 to 1. Detroit is now leading the league.

The Senators broke even with the White Sox in a double bill, losing the first, 4 to 0, and winning the second, 4 to 1.

The Giants slaughtered three Red twirlers, making seventeen hits and piling up such a lead that a ninth inning rally by the home team failed to have effect, New York winning 9 to 4.

After losing nine straight games, the Red Sox turned on the Indians and won an eleven inning game, 4 to 3.

The Cubs and Braves divided a double bill, McNamara checking Chicago in the first, winning 3 to 1, only to have the home team turn upon the victors and take the second, 8 to 4. The Browns drove Hasty from the

mound and beat the Athletics, 5 to 3. The Phils came from behind to take the Cards into camp, 5 to 2.

In a game cut short by rain in the sixth inning, the Dodgers beat the Pirates, 4 to 1, taking third place from their victims.

YESTERDAY'S HOMERS

Hartnett, Cubs, 2—15.
Schultz, Phils, 1—5.
Gonzales, Cards, 1—1.
Picinich, Red Sox, 1—1.

HOME RUN LEADERS

Ruth, Yankees, 25.
Fournier, Dodgers, 21.
Williams, Browns, 16.

Hauser, Athletics, 15.
Hartnett, Cubs, 15.

FIGHTS AND FIGHTERS

NEW YORK.—Rain caused postponement of the Jack Bernstein-Jack Zivic lightweight elimination bout, but fair weather today promised the bout would be held tonight.

NEW YORK.—Gene Tunney and Georges Carpentier ended strenuous training for their championship bout tomorrow night. The American lightweight title holder is a decided favor.

SUMMER HINTS FOR THE HOME DRESSMAKER

By HEDDA HOYT
Fashion Editor of United Press
(Writer for United Press)
NEW YORK, July 15.—(United Press.)—

Needles and pins,
Needles and pins,
When summer comes,
A girl's trouble begins!

The sudden warm spell has caught many of us unawares, for we were beginning to think that a couple of silk frocks would carry us through what threatened to be a cool summer. With the fun days, womanhood has blossomed out in voiles and organdies, many of which are of home making.

When the season when the poor girl shines, for summer materials come within the means of every woman. It is the season when the clothes of the rich and of the poor differ only in their cut and making. A great many women take pleasure in summer sewing and it is for the home-seamstress that this article is written.

A Pretty Frock

Among the noticeably pretty frocks which have appeared during the last week we find the simple, almost sleeveless frocks which have their skirts trimmed with three rows of wide material, each row of insertion being finished at the bottom with a pleated ruffle of the frock material. Sometimes a narrow string or ties at a low waistline. This type of frock is very popular and is made of various materials, among which are printed silk and cotton crepes, plain crepes, all-wool crepes and voiles. When such a frock is made of wash material the banding which finishes the banding is crucial rather than planned for laundering purposes. While the youthful, slender figure wears this sleeveless frock without a neckpiece or any sort of arm covering, the matronly figure is apt to wear a fluffy feather boa or a short pleated cape which combine band of insertion with pleated material.

The Singer's Costume

Miss Anna Case, who sang daily at the Democratic convention, wears a frock of this type, which is bound to be becoming to the matronly figure. This is a white, summery georgette, with straight, long-waisted bodice and finely pleated skirt. There are no sleeves to this frock, but a cape of pleated white georgette extends just over the shoulder, being attached at the shoulder seams. Miss Case wears the popular, short wristlet gloves,

leaving the remainder of the arms bare.

Of course, the tunic-skirt deserves considerable mention, since so many models are using it. Sometimes the tunic is relieved merely by attaching a pleated apron to the front of a simple frock, the tunic reaching just below the knees. Again, there may be a tunic and back apron, with a double-cape joining them together at the sides. The three-tiered front tunic is also noticable, with three flounces of the material forming the front of the skirt beginning at a low waistline.

A Lovely Silk Frock

Among the lovely silk frocks one sees the colorful printed material shadowed by a complete over-dress of chiffon of a dark shade. Several such gowns used huge white polka dots on a blue background with an overdress of navy blue chiffon. This is effective and matronly figures. Rose-colored crepe with a brown chiffon over-dress, very lovely as one has the pretty vivid rose tints modified by the sheer over-dress.

However, the less a man takes the more often he doesn't have to apologize.

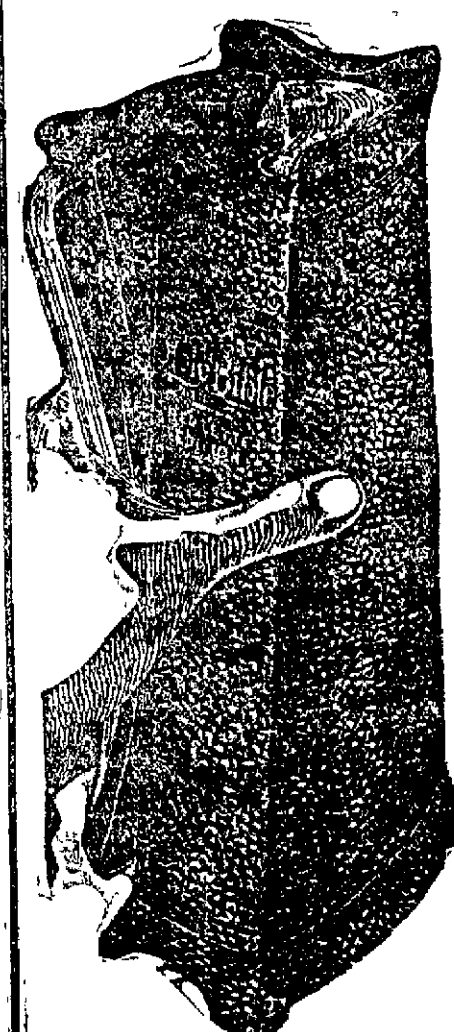

MEN WHO FIGURE IN NEWS OF THE DAY.

Below: CHARLES LANGSTON & CHARLES RORDES
Below: ALICE ROBERTS & CLAYTON BOWMAN

U. S. Senator Burton K. Wheeler, Democrat, of Montana, has held the Democratic Presidential ticket and will take the stump for Robert M. La Follette, progressive Republican, asserting John W. Davis's connection with J. P. Morgan & Co. makes it impossible to vote for him. Alice Pomeroy, Government counsel in the oil fraud cases, has left Washington for Los Angeles, to expedite the Government's suit to recover the Elk Hill oil reserves. Governor Charles W. Bryan, of Nebraska, Democratic Vice-Presidential nominee, is shown in his overalls, hard at work on his farm. No he isn't. Charles Langston, baggage master from Omaha, Neb., on train that took Governor Bryan home, is his exact double and is often taken for him. Colonel Charles R. Forbes, former head of the Veterans' Bureau, indicted in Chicago on charges of bribery, is so ill in the East, that he may not live to face trial Sept. 15.

ONLY 3 COUPONS

As long as this great offer lasts, a Bible Coupon is being printed in these columns daily. Three of these coupons will enable the holder to take advantage of our offer explained therein. The idea is to encourage Bible reading in order to overcome the world's unrest—a movement which is being sponsored by leading newspapers of this country. Make your selection early—Style A, Big Print Red Letter Edition as shown in the accompanying illustration; or Style B, medium large print, which is less elaborately bound but just as complete and durable.

MEXIA DAILY NEWS

wants every reader to accept this offer

Both Styles contain these Special Features

This greatly reduced illustration shows Style A, which readers get for three coupons and only \$1.98

Style B is not so expensively bound, and, with 3 coupons is only 98c

NEW DEPARTMENT IS ADDED TO MEXIA HIGH SCHOOL

The Mexia School Board has recently authorized the establishment of a Commercial Department in the High School. The course will cover some two or three years of study and for the present will include stenography, shorthand and typewriting. It is very likely that other commercial branches will be added in the future, provided there is sufficient demand for them. It is felt that the practical nature of this department will make it of much service to the community. Miss Rosa Wells, a graduate of Baylor and the University of Texas, has been secured as instructor.

PREVENTABLE FIRE LOSSES

In some of the western states, fire losses from preventable causes or causes partly preventable far exceed losses per capita in eastern states. This is probably due to a smaller percentage of fire proof construction and also less efficient water supply and fire fighting apparatus.

For instance, in Oregon the losses from fire laid to carelessness and those originating from partly preventable causes totaled \$19,275,500 in 7 years past.

These figures of the State Insurance Commissioner, on basis of 750,000 population, would indicate over \$16 per capita annual fire loss.

In some of the western states, the annual per capita fire loss is shown to be rapidly increasing. Oregon losses aggregating \$3,213,332 during 1923 with insurance paid of \$5,357,187 during 1923.

On the basis of per capita losses in Oregon over a period of 7 years, fire losses from all causes in the United States would total \$1,670,000,000.

This total far exceeds actual losses in United States and proves that per capita losses in Oregon far exceed actual losses in United States and proves that per capita losses in Oregon far exceed average per capita loss in the 48 states.

Compliment is often heard that insurance rates in one section of the country are lower than in another section. The reason for this is shown by the per capita loss average in other states. The rates should be highest where the risk is greatest. Otherwise the careful citizen in one state or city pays for the carelessness of the reckless citizen in another state or city. A continued high loss ratio means eventually higher insurance rates, and vice versa.

APPLIED MATHEMATICS
(In the Literary Digest for July 10, 1924.)

The old lady was timidly inspecting the stock of spectacles.
"How much are these?" she asked, selecting a pair.
"A dollar and a half, madam."
"And how much without the case?"
"Well, the case makes little difference. Suppose we say \$1.15."
"What? Is the case only worth five cents?"
"Yes, madam," firmly.
"Well, I'm very glad to hear it, it's the case I want."

And, placing a nickel on the counter, the dear old lady took up the case and walked timidly into the street, while the optician gasped for breath.

MEN AND WOMEN IN NEWS OF THE DAY

ABOVE: SAID ZAGLOUL, PASHA'S MISS PHILIPPA WENDELL, FRANK HUSSEY, R. DE GOROC.

The engagement of the Earl of Galloway and Miss Philippa Wendell, daughter of the late Jacob Wendell, of New York, and sister of the Countess of Carnarvon, has been announced in London. Frank Hussey, a 17-year-old New York schoolboy, led the American relay teams to victory in the 400-metre and 1,300-metre races in the Olympic games in Paris. Said Zogloul Pasha, Premier of Egypt, was wounded in the arm by a shot fired by a student in Cairo. R. de Goroc, of New York, chief caterer to the Prince of Wales on his American visit, has revealed that on his last American tour the Prince kept six valets busy dressing him up.

FALLS COUNTY JUDGE SPENDS WHILE IN MEXIA

Hon. Walter S. H. Hunicutt, County Judge of Falls County, of Marlin, was in Mexia Wednesday morning in the interest of the candidacy of Judge Spivey. He left for Waco about noon and it is understood will return here later in the day. Judge Hunicutt is well known in Mexia by former students of the University of Texas. He was a student in the law department and for several years band director of the famous T. U. Longhorns and one of the most popular men in school in his day.

VERY FIRST BOTTLE BROUGHT HER RELIEF

Ascribing the splendid health she has enjoyed for the past six years to the help she received from Tanlac at that time, Mrs. Maggie LaFrance, 216 Archer St., Waco, Texas, says:

"Tanlac made a new woman of me six years ago and since then I have appreciated good health as I never had before. I had been nervous, run-down, weak and dizzy for two years. My appetite had left me, my stomach always troubled me after eating; I never slept well and had so little strength and energy that I would just drag around in looking after my household duties. I had lost weight until I was just a skeleton of myself.
"Tanlac was so well suited to my needs that I felt better after the first bottle. Five bottles brought me complete relief from all my troubles and increased my weight 15 pounds. I now weigh 135 pounds, which is more than I ever weighed before and I have energy and strength in abundance.
"Besides doing all my own work I frequently help the neighbors with their work, too. I certainly can praise Tanlac, for I know from experience and not from what others say, what a wonderful medicine it is. Tanlac is for sale by all good druggists. Accept No Substitute. Over 40 million bottles sold. Tanlac Vegetable Pills for constipation; made and recommended by the manufacturers of Tanlac—Adv.

Two Additional Credits Secured For Mexia School

Through the efforts of the boys of the Manual Training Department of the Mexia High School and their

instructor, Mr. G. W. Evans, two additional credits have been secured from the State Board of Education. A total of four credits from the State Department are now held in manual training, covering two years of mechanical drawing and two years of shop work. These four units represent the largest number which is allowed for this type of work.

"For Mexia, I WILL"

THE CIVILIZATION OF COTTON GIN.

It has been said that there is no such thing as a beautiful cemetery. It is a place of sorrow, marked by cold marble stones on which are written the history of generations that have passed to the eternal abode of the sons of man. But there is one cemetery near here, the appearance of which appeals to the heart and soul as well as the mind and eye. That is the Cotton Gin Cemetery. The Cotton Gin Cemetery Association is to be commended most earnestly because of the conscientious and constant care which has given the "city of sorrows" in those rural shades an appearance which pays a lofty tribute to the descendants of those buried within its silent and sacred confines. It is true that civilization may be judged by the care given the dead. The cannibal slaughters man and devours his bones; the barbarian and savage kill their kind and leave their ashes on the shore and desert to be wafted by unfriendly winds to graves of their own discovery and then forget that the dead ever lived. Christian civilization lowers the corpse of kinsman or friend into resting places formed by hands of love and then circles the mounds with wreaths of flowers, where they are wafted by the tears of tender devotion and loyal homage. The Bible is scanned for epitaphs; the poets are referred to for beautiful tributes and then on monuments simple or stately, plain or ornamental, the words are engraven and connected with the names of those buried beneath those soulful slabs. Frequent or periodical visits are paid these last earthly resting places and each time the visitor is reminded of that city beyond where there is no pain, no sorrow and no death. At least that is the impression that strikes deeply in the soul of man or woman, boy or girl, who visits the spot at Cotton Gin. All our cemeteries should be kept that way.

THE FREEMAN'S SACRED RIGHT

BEN B. HUNT.

The ballot is the free man's right
For which our fathers died;
And you I should keep it clean
No matter what betide;
For on the fields of blood and pain,
Through battles gore and ghast,
Our fathers fought to make us free
As long as time shall last.

Every man should cast his vote
On this election day—
And cast it for his country's good
As every voter may.
He should not let a selfish thought
Upon his mind intrude,
Nor should he vote for any man
In careless thought or mood.

He should not let his friendship be
Above his guiding star,
For he shall answer for his vote
Before God's judgment bar;
And when you walk up to the polls,
O noble friend of mine,
Just cast a free untrammelled vote
With purpose true and fine.

No man is free who cannot vote!
The ballot is his right!
To keep it pure and clean and free
We should forever fight.
For where oppressors reign or rule
No poor man's voice is heard—
Against a hard oppressing law
He dare not speak a word.

The greatest country on the globe,
On all this sun-kist earth,
Is this great land of your abode
Where freedom had its birth.
O men who o' hearts are true and free,
O women so soft and pure,
No selfish thought must quench your fire
If freedom shall endure!

The ballot is your sacred right
For which our fathers died;
And you and I should keep it clean,
No matter what betide.
For on the fields of blood and pain
Through battles gore and ghast,
Our fathers fought to make us free
As long as time shall last!

Always Keep Under Control.
From The Measure of a Man and
other songs of work and cheer by
Jamie Heron.

1.
In the journey through life
There is more or less strife
And it comes to you and to me
To test and to try us
And ever defy us
To conquer, to win and be free,
So let's count the worries
As so many flourishes
For they cannot hurt a man's soul
If we dig our toes in
And determine to win
And always keep under control.

2.
There is friction I know
In a home that's "just so,"
But that is for smoothing the way
To closer connection
And deeper affection;
A home is not made in a day,
But, trusting each other,
Both Daddy and Mother,
As onward the years swiftly roll,
Forgetting, forgiving,
Will make life worth living,
And always keep under control.

3.
To bask in the fame
As "King of the game"—
A hero of National renown,
In the sport of our land
It is harder to stand
The popular acclaim than the frown,
For the one thing to dread
Is the inflated head
When you're at the top of the scroll,
So be silent with poise
And be one of the boys
And always keep under control.

4.
In every vocation
In human relation,
In business, profession or art,
In pleasure or work
It's dead easy to shirk
So be in the game from the start.
Remember these morals,
"Don't stand on your laurels"
"Success comes when you pay the toll"
"Never weaken—don't quit"
"Build the man—keep him fit"
And always keep under control.

FAMOUS FRENCH RECIPES

(By International News Service)

Potatoes Anna.

PARIS, July 22.—New ways of

cooking potatoes never come amiss.

For "Potatoes Anna" a special

casserole is needed which is a little

higher than a frying pan and

finished with a cover which fits in

well. A charlotte mold may be

substituted, if it has these points.

Choose Holland potatoes of regu-

lar size—about as large as a small

egg. Peel and cut into regular

rendelles. For six persons about one

and one-half pounds will be sufficient.

Wash well when cut and dry in a

napkin.

Butter thoroughly the casserole

"Anna" and arrange the rendelles in

bridge fashion, making concentric

circles, one going to the left and the

other to the right. Salt while arrang-

ing them.

When the casserole is full pour

over one-half a pound of hot melted

butter. Cover and bake in the oven

for thirty-five minutes. Turn out on

a serving dish, a perfect whole if

possible.

Two things will make or mar this

dish—a well-fitting cover and a hot

oven.

Gross debt of United States has
been reduced \$1,009,727,888 so far
during present fiscal year, bringing
it down to \$21,339,979,477. Peak of
the public debt was reached Aug. 31,
1919, at \$26,595,701,648. Now appar-
ent that fiscal year will close June
30 with treasury surplus of more
than \$400,000,000 despite 25% re-
duction in income taxes payable for
last year. From July 1, 1923, to
June 18, 1924, internal revenue col-
lections from income and profits
taxes alone have aggregated \$1,689,-

145,118, an increase of \$189,212,680
over corresponding period last year.

It is conservatively estimated that

2,000,000 homes, including apartment

houses and other buildings used for

housing, burned oil for heat last win-

ter. It is expected there will be 50,-

000 more this winter.

Mexia Is Enjoying Substantial Growth

The substantial, steady growth of Mexia is a subject of comment heard daily in this city, as folks go about and see evidences of progress.

There's nothing magic or marvelous about the growth of the city at present. The saw and the hammer resound on many new homes that are soon to grace in their completed beauty sites in all sections of the city. The work on streets and roads and sidewalks in front of homes, too, have added considerably to business activity. It is now believed that by fall, building activity will be much on the increase. It is hoped also that more sidewalks may be built leading to the schools of the city, so that the children will not have to walk the streets and endanger their lives while en route to the seats of learning.

The new homes built within the past year have added much to the appearance of the city. Much may be done now by cutting the weeds on all vacant lots. Lots grown up in weeds, it is pointed out, mar the looks of an entire street.

Local News

C. Higgins of Waco spent the day in Mexia Tuesday.

L. G. Carter of Corsicana was in Mexia on business Tuesday.

J. W. Hamilton from Waxahatchie spent the day in Mexia Tuesday.

Jim McDonald from Fairfield spent Tuesday in Mexia.

J. W. Thomas of Wichita Falls was in Mexia on business Tuesday.

Ben H. Rice was a visitor from Marlin Tuesday and Wednesday.

Judge R. D. Elkins of Houston is a business visitor here today.

R. A. Parker is in Abilene on business.

A. L. George of Teague was in Mexia on business Tuesday.

Lon Eubanks of Groesbeck was here Tuesday in the interest of his candidacy for District Judge.

The Masonic lodge will work in the 14 degree tonight. Visitors are always welcome.

Tom Cain was in the city Wednesday in interest of his candidacy for the collector.

Miss Frances Bass went to Corsicana Tuesday afternoon to visit Miss Franchelle Jackson.

Robert Hender on from Groesbeck was in the city Wednesday in interest of his candidacy.

Johnson Wakefield of Groesbeck was in Mexia Wednesday morning in interest of his candidacy for county judge.

Miss Franchelle Jackson returned to her home in Corsicana Monday afternoon after a week's visit with Miss Frances Bass.

Attorney Calloway of Fort Worth is suiting hands with friends here today. He formerly practiced law in Mexia.

Albert Berry Jr. of the Berry Banned Grocery Company is leaving today for a brief vacation in Dallas and other points.

The work of pouring concrete on North Kaufman to the cemetery is nearly completed and after it sets a couple of weeks the topping will then be put on and we will have another good street.

Many Mexia people are enjoying the annual reunion at Hamilton this week. A good program is given there every night this week and ends up with a dance in the open air pavilion. Music furnished by the Mexia Lick orchestra.

J. W. Prickett and son, Teddy, returned from Dallas Tuesday night where they have been visiting. Mr. Prickett is in the Baptist ministry. Mrs. Prickett is reported doing nicely and it is hoped that she will soon be able to return home.

What's the use going elsewhere with your dented fenders and bodies or Broken Springs when you can have it repaired as good as new at Pat F. Hopkins Wheel & Body Works on West Milam Street. Phone 725.

KENTUCKIANS AND THEIR FAMILIES MEET AUGUST 1

Hon. I. W. Keys, and other Kentuckians who are now loyal Texans residing in Mexia, are being apprised of a picnic for all former Kentuckians to be held at Lake Polk Park, near Temple, on Friday, August 1. H. C. Glenn of Temple is chairman of the committee and some first class Old Kentucky orators will enliven the program. Former Kentuckians and their families are being urged to attend.

According to tourists and Mexia citizens who have been to Houston by auto of late, the highway is in bad condition beyond the limits of Limestone county southward. The King of Trails has suffered on account of the dry weather but plans are under way for its repair and when completed will be one of the delightful stretches of highway in the state.

Woodman circle meets Friday evening at eight o'clock at K. P. Hall, all members are urged to be present.

HUMBLE MOTOR OILS

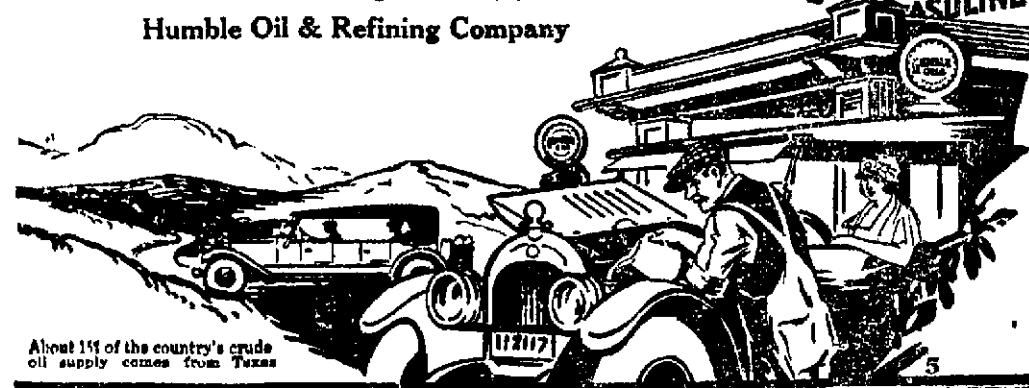

Unblended Lubricants From Cold Test Crudes

In order to get the desired viscosity, or body, many manufacturers blend their oils by mixing a heavy oil with a light oil in the correct proportion. This practice produces a "blended oil," the lighter portions of which quickly vaporize under the high temperature of the cylinder walls above the pistons—and the heavier portions leave a large residue of carbon when burned.

On the other hand, Humble Motor Oil is produced only from high-grade, cold-test crudes, and is "straight run." It is not mixed or blended. Humble Motor Oil is a clear, beautiful amber color, and has just the right "body" to properly lubricate all bearing surfaces in the motor and to stand up under the extreme heat to which it is subjected. Owing to the fact that it is unblended, there is but a small range between its lighter and heavier fractions, and it leaves but little carbon when burned.

Humble Motor Oil insures longer service life for the car.

Humble Oil & Refining Company

Service Insurance For Your Car

Clarence Risen of Colorado, a brother of Mrs. Earl Smith, has been here for a few days. He arrived in his car which he used in a recent trip to New York and other points which carried him over 7,000 miles. Mr. Risen and Mrs. Smith left today in the car to spend a day at San Saba.

Santone All Set For Big Gathering Of Texas Merchants

SAN ANTONIO, July 23.—Combining an aggressive educational program covering the field of salesmanship, store management, turn-over profits, meeting outside competition and community building, with style shows, theatre parties, banquets, chicken barbecues, fishing trips and sight seeing excursions to points of historic interest; the program as announced for Trade Season and Merchants Institute by the Trade Extension Department of the San Antonio Chamber of Commerce, offers instructive and entertainment features for retail merchants that have never before been attempted in the Southwest.

A comprehensive survey of conditions in the Southwest has previously been made and forwarded to Dr. Paul W. Ivey and Mr. Frank Stockdale, in order that the programs planned by them for the Merchants Clinics, may touch all the problems that confront the merchants of this section. Both men, who have done more for the retail merchant than any other two men in this country, have signified their intention of dealing directly with the situation in San Antonio's Trade Territory, and to at all times, keep away from generalities. In communications received from them, they urge merchants to bring their books, income tax returns, turn-over figures and any plans for community building which the merchants of their city may have under consideration.

Reservations are rapidly pouring in to the Chamber of Commerce and it is evident that the greatest number of representative merchants that have ever attended a Marketing, Season and Trade program in Texas will be in San Antonio, on August 4th, the opening day of the Merchants Institute.

Dr. Paul W. Ivey will be in charge of the business sessions from August 4th to August 7th, dividing his talks under the heads of Creative Selling, Producing Customers' Satisfaction, Personality in Selling, and Community Building. Mr. Frank Stockdale will handle the Clinics from August 11th to August 13th, taking as his subjects, Driving for Profits, Plans that Sell, and Making Figures Earn Profits.

Style shows and theatre parties, banquets and other entertainment, are part of the daily program.

Every incoming train will be met and San Antonio's visitors taken to the Gunter Hotel, where headquarters for all activities of the work will be maintained.

Here's How It Happened

The Inside Story of the National Democratic Convention.

By A. GARLAND ADAIR
Managing Editor of The Mexia Daily News

NUMBER 11. CONVENTION FIGURES

Pat Harrison, Senator from Mississippi, delivered the key note speech at the National Democratic Convention and is therefore due first mention in our review of convention figures.

The young keynoter had had plenty of advice and information, and blessed with the courage of his convictions, he spared not in his address which, no doubt, was as good a campaign speech as it was a key note address.

"Clean government" is the cry of the Democrats which he sounded.

And "Clean government" is the cry of Democrats all over the land today.

A "keynoter," like any other campaigner, must have a wonderful supply of patience. No spokesman of a great party can be a lay unto himself. He must submit to suggestion, if not to discipline. Suggestions swarm in upon him like a swarm of locusts and it is his business to revamp and resubmit all these suggestions and then memorize what he is going to say.

So, it was that he came before the convention in fine fettle and knew just what he was going to say before he began to speak.

The people have read his scathing criticism of Republican officials who have failed to perform their duties while serving in public office and the Democrats have accepted his phrases as fine American doctrine and will, no doubt, in all Democratic primaries select men of their party for office in whom they may trust for the most business like, economical, efficient administration of affairs and men who will use the office for the public weal rather than for private gain, for the benefit of the masses, rather than for the special benefit of the favored few. To do otherwise would be to place themselves in the position with the

Prayer meeting services are being held at all the churches of the city tonight. The attendance of every one is urged. These weekly meetings are sources of much comfort to those who attend.

Many scouts of the various oil companies in this section spent considerable time Tuesday night, watching developments at the wildcat test near Thornton.

A GLANCE AT THE RING

By FRANK GETTY

(United Press Staff Correspondent)
NEW YORK, July 15.—Fists have been flailing with such frequency this summer that every now and then one has to check up and see who really is who.

In the heavyweight ranks, we find one of our most (unconsciously) amusing young film actors still ensconced in the driver's seat. It looks as though Jack might remain quite a while at the top, if he doesn't develop Kleig eyes or get shot by somebody's chauffeur or some other terrible thing such as happens to heavyweight boxers.

Among light-heavyweights, the world's champion still is Mike McTigue of Dublin. Now, Mike is a mighty fine brood of a lad, and his heart is as big as the side of a barn, but he just hasn't the stuff whereof champions, even in this day and age, are made. Still, Mike has the title, and shows no disposition to give it up—which is what he is bound to do the first time he sets foot in the ring.

Harry Greb, bounding Pittsburgher, inveterate and veteran survivor of several hundred fights, took his title to Michigan City with him earlier this month.

Mickey Walker, popular young Elizabeth, N. J., welterweight, is figuring on taking on Benny Leonard, who has a crown of his own in the next lighter division. This, if and when it comes off, should be the battle of the year.

Kid Sullivan's junior lightweight title may have taken wings before this gets into print.

The veteran Johnny Dundee, who lost one of his titles in Brooklyn last month, is finding trouble in getting down to the featherweight limit, and may soon be out of things.

Abe Goldstein is being pursued by Joe Lynch, who wants a crack at the crown the Jewish boy won from him in the Garden last winter.

While among the little men, the brown-skinned Pancho Villa, although slowing perceptibly, still looks as good as any of them.

So there haven't been so many changes after all, the champs, with a couple of exceptions, are flitting with trouble—and fat purses.

There's something incongruous about the idea of Washington winning an American League pennant. For so many years, the Senators were the very foundation of the league, a sure-fire eighth place team upon which all others could depend when they sought to avoid the disgrace of the bottom of the ladder.

Washington didn't seem to mind, back in the old days. Now they want a pennant to float over the White House, with "American League Championship 1924" in prominent gold letters.

The Senators have threatened before, never perhaps as dangerously as this year. Their sudden mid-season spurt into the van was the sensation of the June stretch.

Their time out in front may have done the Senators good, but there is always a great strain attached to being the league leader in the second half of the season.

The Crucifixion of Christ is to be studied at the prayer meeting at the Methodist church tonight. The public is invited.

Ron. Ben Rice of Marlin is in the city today in the interest of the candidacy of Judge Spivey.

FAMOUS FRENCH RECIPES

(By International News Service)
Fruit Flammé.

PARIS, July 14.—Now is the time when the streets of Paris are lined with lovely fresh fruits, piled high in the little market carts. And there is nothing nicer than a fruit flammé for luncheon desert.

Drop one-fourth pound of semolina into a pint of water and white wine (if it can be obtained.) Mix well and cook slowly for twenty minutes. Add one-fourth pound of sugar and a pinch of salt, one whole egg and the whites of three eggs well beaten.

Fill a buttered mould three-fourths full. Cook in a double-boiler over a slow fire and let cool. Remove from the mold and nap copiously with a puree of fresh fruit well sweetened. Strawberries, currants, plums or apricots are always delicious.

County Clerk J. L. Day, of Groesbeck, was a Mexia visitor Tuesday.

Eaton, Indiana, county seat of Delaware county, is anxious to secure industries and offers a good location for a box factory, as United Paper Board Company has large plant there. This town is 11 miles north of Muncie on Indianapolis-Ft. Wayne electric line and L. E. & W. road for fast freight. It has new waterworks system, fire protection equipment, cheap power, plenty of labor and one of finest schools in state for town of 1200. Address inquiry to Editor, The Enterprise, Eaton, Indiana.

Nobody can enjoy a sojourn of three or four months in Europe with its difficulties and its problems, its suspicion and its distrusts, its promises for the future and its threats.

A PLEA TO MEN

Please Keep Your Hair
By Edna Wallace Hopper
You men admire luxuriant hair, thick and lustrous, healthy, clean. And so do we, dear sirs. Then, why will you, through sheer neglect, let your hair disappear.

My hair is finer than 40 years ago. It grows thicker every year. I have never known falling hair or dandruff and never a touch of gray. Just because I searched the world for the best hair helps men know. And I had them combined in a tonic and cleanser that Youth From Time to Time each better help discovered has been added to it.

I, believe, the experts I consult know all that is known about hair. I know they supply me their utmost. Certainly no factors ever discovered have brought finer hair than mine.

Now I offer you, as I offer women, this supreme help for the hair. It is concentrated. You apply it with an eyedropper directly to the scalp. There it combats the hardened oil and dandruff which so stifle the hair roots. It tones and stimulates. Then hair thrives just as flowers thrive in a well-kept garden.

I know that here I place at your command the greatest hair help in existence. Not some fallacious theory, not some ordinary tonic, but the best that science has discovered, so far as I can find.

All druggists and toilet counters supply my Hair Youth under guarantee. The first package brings you help you seek, or I will pay the cost. The cost is 50 cents and \$1 with eyedropper. Let me urge you to try it. We women—all of us—love to see heavy, healthy hair. And I have found the way.

I will send you a bottle to try without cost if you mail this coupon to me.

TRIAL BOTTLE FREE

BE CAREFUL THIS SUMMER

Careless campers who leave their

fires burning in the woods or toss

lighted cigar and cigarette stubs in-

to the brush, burned last season more

timberland than was cut by all saw-

mills in the country all year.

Reforestation has been recognized

for years as one of the great nec-

essities. Something is being accom-

plished in this direction. But forest

fires at present wipe out much more

timber every year than is being re-

grown.

Records kept by the forest service

show that every year the area of

forest land swept by fire is about

twice as great as the area cut over

by logging operations.

Four-fifths of the fires each year

are man made. They might be pre-

vented by the exercise of ordinary

caution. Most of them start from hot

coals left by campers or picnickers

on left lighted cigarette butts, and

some of them come through care-

lessness of settlers in burning up

lump piles and brush heaps.

The burned-over acreage is large-

ly cut-over land, which reduces the

monetary loss, but the potential de-

struction is nevertheless terrific, for

the fires on the cut-over acreage de-

stroy the seeds and young growth

that would reforest the land.

The forestry service says the first

important step in reforestation is to

start the growth on the cut-over

land and on much of this land "ef-

fective protection against fire will be

all that is necessary for this pur-

Wagstaff Known To Many of City

Quite a number of former service men of Mexia who were in the Thirty Sixth Division are interested in the campaign of Robert M. Wagstaff of Abilene for the post of State Commander of the American Legion. He is now practicing law at Abilene and according to announcements, if elected he intends to give a year of his time from his lucrative professional duties to the upbuilding of Legion affairs in Texas.

Mr. Wagstaff was a Captain in the Thirty Sixth.

He will also be remembered here by many ex-students of the University of Texas which he attended about ten years ago.

OFF AGAIN, GONE AGAIN TO WAGON WHEEL GAP

Fred Karner, accompanied by his daughter, Miss Frederika, leave Mexia Thursday morning in their car for Wagon Wheel Gap, Colorado, to spend a few weeks with their good friend Colonel A. E. Humphreys in his wonderful mountain reservation which lies way up nine thousand feet in the clouds.

Fred also carries a written commission from The News to Colonel Humphreys asking for an interview on the Democratic Presidential nominee, John W. Davis of West, Va. Both the Colonel and Mr. Davis being native West Virginians, we are anxious to get a pen expression of Colonel's opinion of the prospective president and will pass it to all Democratic papers in the Nation. Fred will also tour Yellowstone Park and probably return over the Southern route thru California, not returning home till the wild ducks fly south.

KNIGHTS OF PYTHIAS TO INSTALL OFFICERS

Travis Lodge No. 20, Knights of Pythias will meet in regular weekly session tomorrow (Thursday) night and in addition to the installation of officers, there will be work in the Third Rank. The district deputy grand chancellor will pay the lodge an official visit, and there will be refreshments served at the close of the meeting. Visitors are always welcome.

H. C. FEIZ, C. C.

TUESDAY HOTTEST DAY SINCE AUGUST 18, 1923

According to Postmaster Judge Newman, Tuesday was the hottest day Mexia has seen since the 18th of August last year. He states that the weather bureau station here recorded 101.72. The cool south winds of the several days before quieted down and made the heat felt both yesterday and last night more than any similar period this year.

FORMER MEXIA LAWYER CAMPAIGNING FOR BUCK FOR HIGH LEGAL OFFICE

Lindsley M. Brown, formerly of Mexia, now of Fort Worth, is campaigning at present in the interest of Judge R. H. Buck for Associate Justice of the Court of Civil Appeals of the Second Supreme Judicial District of Texas. He is now writing friends in Mexia in the interest of the candidacy of Judge Buck, stating that "He will bear the very closest investigation, and the more you know him and know of him, the better you will undoubtedly like him. I believe you will confer a favor upon yourself and your fellow Hexans and the State at large if you will go to the polls July 26, 1924 and vote for him."

AGED MASON TO HAVE HOME IN VIRGINIA

ALEXANDRIA, Va., July 22.—A campaign to raise \$300,000 will be inaugurated in August by Charles H. Callahan, Grand Master of Masons of Virginia. The money is to be used to build a home for aged and infirm members of the order who are without homes, have no relatives and who are sick and unable to care for themselves. The home is to be a memorial to Geo. W. Wright, former Grand Master of Masons in Virginia.

RADIO OVER LIGHTING WIRES

The baffling question as to who is to pay for radio broadcasting is being solved in Staten Island, N. Y., where for the last 18 months an engineering staff has been developing the "wired radio" inventions of Major General George O. Squier. Apparatus

JUDGE A. M. BLACKMON

for the
77TH JUDICIAL DISTRICT

"Your Judge—and Ours."

The undersigned committee, reflecting the unanimous sentiment of his home people, take this method of soliciting your support for our friend and neighbor, Judge A. M. Blackmon. We know him, and we vouch for him.

Everyone agrees that Judge Blackmon has made an ideal judge. He has the ability, is always fair, and is by temperament peculiarly qualified for the position he now occupies. He has taken rank among the truly great judges of this State, and is so recognized by the members of the bar everywhere. With such a record can the people of this district afford to dispense with his services at this time? He is your judge, and ours. We have tried him, and know that he measures up to all the requirements of a real judge—why should we change? Vote your best judgment on July 26th—for the man who can best serve you.

has already been perfected by which
two different radio programs can be
transmitted over the lighting wires
from the Staten Island generating
station, and within a short time equip-
ment for transmitting three programs
will be completed. Tentative plans
for Wired Radio, Inc., a North Amer-
ican company subsidiary which is de-
veloping the program, call for the
eventual establishment of a na-
tion-wide "wired radio" service. This
service will consist of three contin-
uous programs from studios in New
York, Chicago, and a Pacific Coast
city which will be sent over trunk
wires to central generating stations
in all parts of the country. From the
central stations these national pro-
grams (supplemented by local pro-
grams) will be transmitted to sub-
scribers via the lighting lines. Each
subscriber will be provided, at a
monthly rental of \$2, with a small tun-
ing device that is plugged into any
convenient lamp socket. Because a
large percentage of the monthly ren-
tal receipts can be devoted to paying
for talent, the expectations are that
wired radio programs will be of an
exceptionally high quality.

NOTICE OF APPLICATION FOR PROBATE OF WILL

THE STATE OF TEXAS,
To the Sheriff of any Constable
of Limestone County—Greeting:
You are hereby commanded to
cause the following notice to be pub-
lished in a newspaper of general
circulation which has been contin-
uously and regularly published for
a period of not less than one year
preceding the date of the notice in
the County of Limestone, State of
Texas, and you shall cause said
notice to be printed at least once
each week for the period of ten
days exclusive of the first day of
publication before the return day
hereof.

BRAZILIAN TROOPS LAUNCH MAJOR ATTACK ON REBELS

EASTLAND GUN BATTLE CLAIMS OFFICER'S LIFE

CITY POLL TAX RECEIPT NOT NECESSARY TO VOTE JULY 26

SAO PAULO CITY SUFFERS MUCH DAMAGE BY SHELLS

Buenos Aires, July 23.—Brazilian Federal troops have begun their long expected major attack on the rebel forces in Sao Paulo City, according to messages here today. Strong infantry units, supported by tanks and airplanes, advanced on the rebel entrenchments on three sides of the coffee capital yesterday afternoon following an artillery bombardment of 48 hours.

Sao Paulo City has been badly damaged, the messages said. Many of the fine buildings in the center of the city were partly destroyed by shell fire. The city has been partly evacuated by the civilian population. A number of American refugees left Santos by northbound ships yesterday.

More than 20,000 men were in action and the continuous roar of artillery was heard in Santos, more than 20 miles away, radio messages said.

Meantime other dispatches said dissatisfaction had broken out among Federal reinforcements sent from Rio Grande do Sul to aid in the final attack on Sao Paulo. A number of officers were arrested.

The food shortage in Sao Paulo City has reached the stage of a near famine, other advices said and the rebels are handicapped by lack of a well organized commissary.

Many To Be Away Saturday As Shown By Absentee Voting

Allen Gillespie, appointed as a deputy by County Clerk J. L. Day for the purpose of accommodating voters who will not be at home Saturday, states that about twenty citizens have already cast their votes in the Democratic primaries. The law provides for absentee voting and the great interest in the elections is shown by the big number who have already voted and who will be out of the community Saturday when the Democratic primaries are held. Mr. Day is available to anyone desiring to take advantage of this wise law and anyone desiring to see him may find him at the Prendergast Smith National bank. He attaches the ballot to the poll tax receipt and mails the votes to the county clerk daily. Each day, he says, shows an increase in number thus cast.

Shiloh Methodists Holding Revival; Datura Meet Closed

Rev. G. W. Kincheloe, pastor of the Shiloh Methodist Church, is conducting a revival at Shiloh this week. Rev. W. B. Andrews preached at this meeting last Monday night.

Rev. Kincheloe closed his meeting last week at Datura, which was marked by the addition of six members to the church there and by a revival in the hearts of the membership and citizens of that section generally.

The Shiloh revival will continue all the week and it is hoped that it will witness the conversion of many souls.

THURSDAY'S ISSUE TO CARRY POLITICAL ADS OF DEMOCRATS IN RACE

Thursday's issue will be the Democratic Primary number of The Mexia Daily News. All candidates for precinct, county and district offices have been invited to use the edition to make their final appeal for votes in the coming elections. Many have already submitted their statements and these will prove quite valuable to the voters in deciding his vote.

NEW GRAIN KING OF AMERICA.

This is the first photograph of Arthur W. Cutten, of the Chicago Board of Trade, a Canadian by birth, who has been hailed as the new "Grain King of America," by virtue of his foresight in buying, storing and selling large quantities of corn and wheat. He has already profited nearly \$2,000,000 by the recent large advances in prices on these two commodities. He bought corn at less than 50 cents a bushel and began unloading around \$1.10. His profits on wheat were as great.

Mexia Elks Furnish Musical Treats For Reunion At Fairfield

Many from this community are now attending the annual reunion now going on at Fairfield.

Tom Lindley, Adjutant of the W. L. Moody Camp No. 87, U. C. V. has sent out a general invitation to all surrounding counties and communities, urging a most cordial invitation to the public to join with them there in the annual celebration and festivities. The reunion is a three days affair, beginning Tuesday and will conclude Thursday.

Adjutant Lindley states that this is not only a county institution but is one of the big events of the year. He predicts that the event will be the greatest yet attempted.

Prominent speakers have been secured for the program, including Hon. Luther Johnson of Corsicana, Congressman from this district.

The Elks band of this city is furnishing music daily and in the evenings the Elks orchestra is enlivening the occasion for those who enjoy and participate in dancing.

DUB TOURNAMENT NEXT TUESDAY AT COUNTRY CLUB

Members of the Mexia Country club are getting much excited over the "Dub Tournament" to be given at the golf links here July 29.

If a golf bug shoots from 51 to 58 inclusive, he is entitled to enter this tournament.

The tryout will continue until Monday morning, July 28, having started today. All scores are to be signed and turned in to Val Horn at the Anderson and Horn Drug Store.

On Tuesday, July 29th the matches will be paired starting at 4 p.m. and at five minute intervals thereafter. The matches will be played under official rules of the club and each match will have a lady score keeper. Since no bookkeeping will interfere with the game, all golf players are expected to enter who are entitled to do so.

Special prizes will be given as follows:

Booby prize to one taking the greatest number of strokes to shoot the course, Prof. "Hendrie" will give one lesson free.

First prize to one shooting the lowest score in this tournament, Karner & Phillips will give a pair of Bostonian Special "Kanny-Grip" golf shoes.

Second prize to one shooting the second lowest score in this tournament, Anderson and Horn will give your choice of any golf club in their stock value, to \$7.50.

Little Girl Breaks Arm While Climbing Into Chair At Home

Little Zelva Copeland, 5 year old daughter of Jessie Copeland who resides about 7 miles south of Mexia on the B. B. Parsons place, while climbing into a chair on the porch at her home Sunday, fell and sustained a broken arm just above the elbow. She was given medical attention by Dr. Z. T. Goelsby and today was brought into town for a X-ray picture of the injury by Dr. W. C. McKnight. Friends will be glad to learn that the little lady is doing nicely.

OPENING PRICES

NEW YORK, July 23.—The stock market opened steady. United States Steel 110 3-8, off 1-4; American Wool 72 1-4, up 1-4; Northern Pacific 67 3-8, up 1-2; American Can 118 3-8, up 1-2; Reading 59 1-2, up 5-8; Kennecott 44 5-8, up 1-4; Southern Pacific 95 1-4, up 1-4; A. NEW YORK, July 23.—Foreign exchange opened lower; Sterling \$1.40 3-4, francs .0517; lire .0432 1-2; Belgian .0462; marks 4.210 billion to the dollar.

OPINION HOLDS STATE POLL TAX ONLY NEEDED

AUSTIN, Texas, July 23.—City poll tax receipts are not necessary in the primary election next Saturday, or in any election in this state, the attorney general ruled in an opinion given in answer to numerous inquiries. The opinion holds that the state poll tax receipt is sufficient.

The Mexia ballot is as follows:

Democratic Primary Ballot
I am a Democrat, and pledge myself to support the nominees of this Primary Election.
For United States Senator
Fred W. Davis of Travis County
Morris Sheppard of Bowie County
John F. Maddox of Harris County

State Senator, 13th District
Harry P. Jordan

Las Vegas, N. M., July 23.—Governor Hinkle refused to order National Guard troops to free Carl Magee, editor of the New Mexico State Tribune, in jail at Las Vegas for contempt of court, as requested by Adjutant General Skipwith. The governor said the case must go to the Supreme Court to be decided. He indicated, however, that he would arrange for Magee's release on bonds pending appeal. Magee was sentenced Tuesday, and the governor immediately issued a pardon which Sheriff Delgado refused to recognize, holding that the governor could not pardon for direct contempt. Skipwith thereupon asked permission to use troops to secure his release.

Las Vegas, N. M., July 23.—Sheriff Delgado today refused flatly to honor the pardon issued Carl C. Magee, editor of the New Mexico State Tribune, a Scripps-Howard newspaper under sentence of three months' imprisonment after being held guilty of contempt of court. Sentence was pronounced by Judge David J. Leahy and a pardon was immediately issued by Governor J. F. Hinkle.

The sheriff held Governor Hinkle had no power to pardon for direct contempt. Adjutant General Skipwith informed the sheriff of the pardon issued by the Governor and when release of Magee was refused, the adjutant general was reported to have requested the Governor for authority to use a National Guard unit in summer training encampment to force the sheriff's release.

Sheriff Delgado, informed of the report that troops might be used to release Magee, said: "Let them try to get him, Magee is my prisoner by order of the court and I am going to keep him there until the court orders his release. I am going to hold Magee as long as his sentence runs unless the court orders him freed in the meantime." The situation in East Las Vegas as a result of Magee being jailed, was admittedly tense.

Crowds of sympathizers of the editor's fight to break up what he claimed was a rotten political machine in New Mexico, attempted to gather around the jail during the night. They were dispersed immediately by the sheriff's deputies.

In case the sheriff continues in his refusal to release the editor, the only way he can escape service, the sentence will be by issuance of a court order, or freeing him through force.

Magee has carried on a fight against alleged corrupt political conditions through his newspapers for several years. Last year he was found guilty of contempt and was fined heavily and sentenced to prison. He was pardoned by Governor Hinkle before serving any of the sentence.

The editor's attacks on Judge Leahy have been particularly bitter. He charged in editorials that the Leahy court was the heart of the "corrupt" political ring.

Construction Worker Admits Killing McLeary

NASHVILLE, Tenn., July 23.—After hours of grilling Frank Harroll, 22, construction worker, arrested here last night in connection with the murder of Major Samuel H. McLeary, near Columbia, S. C. July 2nd, made a complete confession. Harroll told in detail how he and M. N. King killed Major McLeary after the army officer had offered to give them a ride in his automobile, according to police.

GOVERNOR HINKLE WILL NOT FREE NEWSPAPER MAN

LAS VEGAS, N. M., July 23.—Governor Hinkle refused to order National Guard troops to free Carl Magee, editor of the New Mexico State Tribune, in jail at Las Vegas for contempt of court, as requested by Adjutant General Skipwith. The governor said the case must go to the Supreme Court to be decided. He indicated, however, that he would arrange for Magee's release on bonds pending appeal. Magee was sentenced Tuesday, and the governor immediately issued a pardon which Sheriff Delgado refused to recognize, holding that the governor could not pardon for direct contempt. Skipwith thereupon asked permission to use troops to secure his release.

Las Vegas, N. M., July 23.—Sheriff Delgado today refused flatly to honor the pardon issued Carl C. Magee, editor of the New Mexico State Tribune, a Scripps-Howard newspaper under sentence of three months' imprisonment after being held guilty of contempt of court. Sentence was pronounced by Judge David J. Leahy and a pardon was immediately issued by Governor J. F. Hinkle.

The sheriff held Governor Hinkle had no power to pardon for direct contempt. Adjutant General Skipwith informed the sheriff of the pardon issued by the Governor and when release of Magee was refused, the adjutant general was reported to have requested the Governor for authority to use a National Guard unit in summer training encampment to force the sheriff's release.

I am going to hold Magee as long as his sentence runs unless the court orders him freed in the meantime." The situation in East Las Vegas as a result of Magee being jailed, was admittedly tense.

Crowds of sympathizers of the editor's fight to break up what he claimed was a rotten political machine in New Mexico, attempted to gather around the jail during the night. They were dispersed immediately by the sheriff's deputies.

In case the sheriff continues in his refusal to release the editor, the only way he can escape service, the sentence will be by issuance of a court order, or freeing him through force.

Magee has carried on a fight against alleged corrupt political conditions through his newspapers for several years. Last year he was found guilty of contempt and was fined heavily and sentenced to prison. He was pardoned by Governor Hinkle before serving any of the sentence.

The editor's attacks on Judge Leahy have been particularly bitter. He charged in editorials that the Leahy court was the heart of the "corrupt" political ring.

MISTAKEN IDENTITY BELIEVED CAUSE OF TROUBLE WHEN MAN KILLS "ONE OF BEST FRIENDS"

EASTLAND, Texas, July 23.—Deputy Sheriff and Jailor John Hennessee is dead and C. Q. Davis, farmer living near Ranger, is in a hospital here critically wounded as the result of a gun battle in front of the jail shortly after 1 o'clock this morning.

The shooting is believed to be the result of mistaken identity.

Davis had brought two girls and one boy to jail after apprehending them in his melon patch. The boy was lodged in jail and the girls were released. Missing his train back to Ranger, Davis returned to the jail to spend the time waiting. Mistaking him for an intruder, it is believed that Hennessee demanded that Davis throw up his hands, when the shooting started.

Several days ago Eastland county officers, accompanied by Rangers, went to Stephens county, raided several stills and returned some prisoners here. Apprehension of Hennessee that friends of these prisoners were attempting to free them, caused his cautiousness at the jail door, according to the belief of friends of both men.

"Poor old John, I would not have shot him for anything if I had known who he was. He was one of the best friends I had," is the statement made by Davis to Chief of Police Lawrence here following the shooting.

THORNTON TEST NOW WATCHED WITH MUCH INTEREST

The Trout wildcat test near Thornton is being watched with interest by scouts and representatives of major and other oil companies today. Many were attracted to the site last night and early this morning. It is understood, from the last reports secured from the drilling site, that the workmen are taking a core of the test and is in sandy shale. It is showing some gas, too. Not much leasing activity has been reported yet but it is believed that if developments are encouraging today that much activity will begin. The Austin chalk is reported to have been found much lower than in the Mexia field.

Scouts and operators continue to watch with much interest the developments at the Sun Company's A. N. Brown test at Richland. A fair oil showing is said to be made, but no considerable production has yet been realized.

Production at Richland holds up to 12,000 barrels or more a day. The outpost test of A. M. McIntyre on the Mrs. Richards tract, is of utmost importance at this time. Its successful completion will mean an extension of at least two miles. O'Byrne has machinery moved into his location on the Morrow tract, 2,500 feet from the McIntyre test.

McIntyre is down almost to the 2,700-foot level, and is said to have gone out of the chalk at a regular depth. This is looked upon by oil men with favor, with what is considered a good indication.

State To Demand Hanging Of Boys In Murder Case

CHICAGO, July 23.—The state will not be satisfied unless Nathan Leopold and Richard Loeb, millionaire youths, hang for the murder of Robert Franks, State's Attorney Crowe declared as the trial bizarre murder case got under way. Justice E. J. Tamm first rearranged the boys, asking whether they wanted to change their pleas after two days consideration. The defendants replied that they had not changed their minds.

POLITICS MAKE STRANGE BED FELLOWS AND ITS WINGS ARE VERY SWIFT

Certain candidates for office are understood to be doing their utmost to line up one part of the county against another. For example, when they seek votes in the South of the County, they apply many harsh terms to Mexia and Mexia citizens in particular. Then perhaps the next day, they come to this end of the county and seek votes from the folks they criticized so severely the day before. Limestone county citizens are too united; they are too friendly one towards another for anyone to get very far with this sort of campaigning and so it is that unbecoming remarks spoken in one part of the county one day usually beat the candidates using them back to the area referred to. Politics makes strange bed fellows and its wings are very swift.

Miners Released On \$5,000 Bonds

WILBURTON, Okla., July 23.—With six men at liberty under \$2,000 bond each awaiting preliminary hearing July 29, upon charges of riot, officers went ahead today rounding up other alleged participants in the raid by union miners upon the Kala-Inla open shop mine near Hartshorne last week when nonunion workers were forced to leave work under pressure.

Six men were arrested late yesterday upon warrants charging riot and riot incitement. The men, five whites and one negro, pleaded not guilty and were released on bond after a hearing here last night.

Several additional warrants were in the hands of Sheriff Austin Parks for service today but officers refused to indicate the number.

The six alleged agitators released under bond were Bert Loudemil; Allen Mayfield, Earl Patterson, Emmett Lackey, Charles Leonard and John Lindsay, negro. The arrests were made principally from the coal mine settlement of Hartshorne in Pittsburg county, Austin said.

Conditions were quiet here today with the departure of Adjutant General Baird Markham from Oklahoma City and local officers were in charge of the situation.

Machen To Speak In Mexia Tonight

Chester H. Machen, of this city, candidate for District Judge of the 87th District Court, composed of Limestone and Freestone counties, is to speak in behalf of his candidacy in this city tonight. The meeting will be held in the open on down town streets reserved for the occasion. Seats will be reserved for the ladies and since the date has been widely advertised, one of the largest political gatherings of the year is expected to be present to hear the issues of the campaign discussed.

Fallon Baptists Holding Revival

The Baptists of Fallon are this week holding a revival in the church there. Quite a number from Mexia are attending the services and assisting in the meeting. The preaching is being done by Rev. Bullock. Coming in the midst of the political primaries, the large attendance upon the services is considered highly gratifying and much good is being done, according to reports brought back each day by Mexia citizens who attend.

COMMISSION'S RULING SAID TO FAVOR FARMERS

WASHINGTON, July 23.—A \$30,000,000 annual saving in the cost of steel to farmers in eleven Western States is promised by the Federal Trade Commission in a sweeping decision ordering the United States Steel Corporation to abandon the "Pittsburgh plus" system of fixing the price of steel.

The attitude of the United States Steel Corporation, controlling 50 per cent of the steel industry of the country, regarding the commission's decision, was awaited with great interest here today, especially as to whether the corporation will contest the decision in the courts. The "Pittsburgh plus" question provoked one of the bitterest fights ever brought before the Federal Trade Commission. The system, which the decision of the Federal Trade Commission outlaws, is that by which the Steel Corporation and each of its subsidiary plants fixes prices for steel outside the Pittsburgh district. The price formula is: The base price at Pittsburgh, plus a sum equalling what the freight charge from that city would be. This meant that wherever a steel purchase was made, the buyer would have to pay the price at Pittsburgh plus freight rates from Pittsburgh even if he product were delivered from a point nearer the purchaser.

The reasons given by the commission for its decision are: That the system is an unfair method of competition; Is a violation of the Federal Trade Commission act; Is a price discrimination in violation of the Clayton act; Is contrary to the public interest; Is not based on the law of supply and demand; Is a price fixing system succeeding the old "steel pools" and "Gary dinners."

That it decreases and eliminates competition, hinders business in all steel centers except Pittsburgh, adds to the cost of steel and finally is made possible through the domination of the steel industry by the United States Steel Corporation.

Among the most important effects of the abandonment of the Pittsburgh plus system, the commission declared in its decision, will be to strengthen the steel centers outside Pittsburgh, returning to the Southern and Western steel consumers and natural advantages of their localities.

Specifying other alleged evils in the steel industry that the decision will eliminate, the commission states that the abandonment of the Pittsburgh plus system will bring about price competition and will decentralize the steel industry and industries consuming steel.

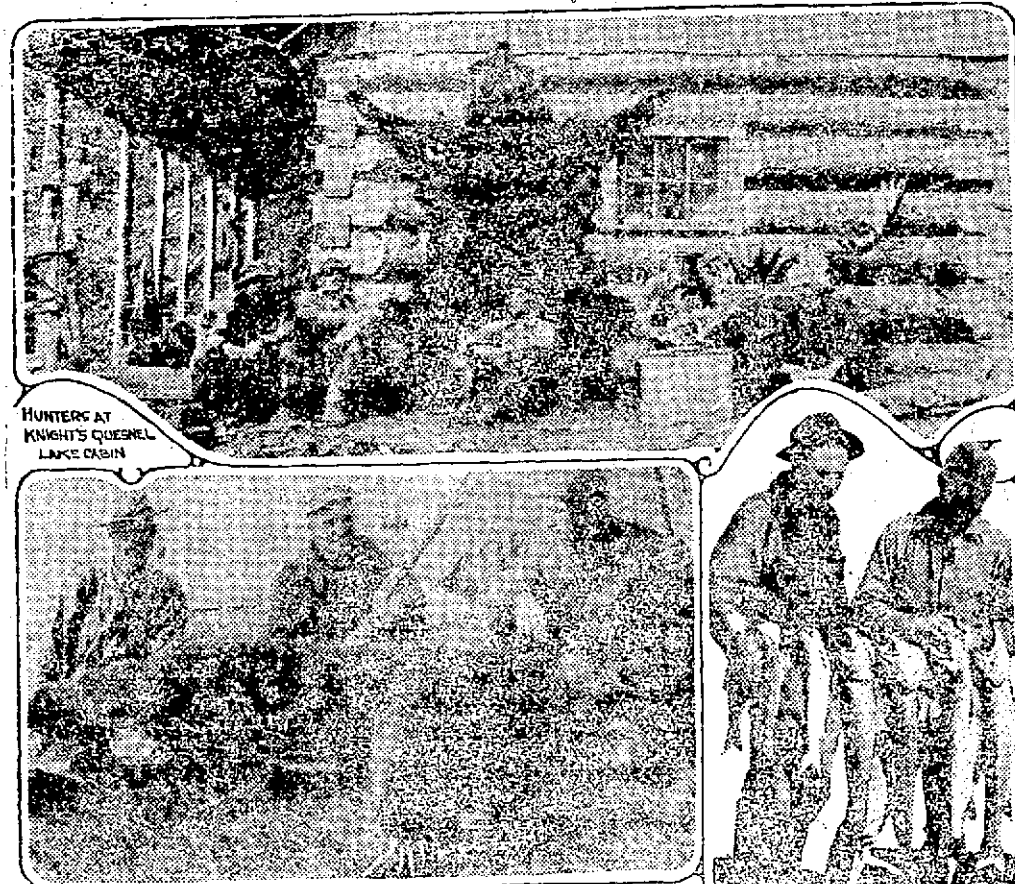

Commissioner Gaskill issued a dissenting opinion, declaring the commission to be without authority to restrain the Steel Corporation.

Old-Time Gold District Now Popular With Big Game Hunters

HUNTERS AT KNIGHT'S QUEENSLAKE CAMP

The one-time famous gold area in British Columbia, known as the Cariboo, is coming back into the limelight as a great sporting country. Some of the most satisfactory bear and caribou hunting is to be had there and each season for the past five years has seen larger numbers of American hunters seeking their sport royal in that district. Quesnel Lake and River are growing in popularity. They are reached from Ashcroft on the main trans-continental line and E. S. Knight, an outfitter of that place, has built a fine camp on Lake Quesnel from which short excursions lead into the best hunting areas. Fishing is exceptionally good in both lake and river, often yielding record catches of big Dolly Varden trout, Rainbow, cutthroat and lake trout are also plentiful. Knight can outfit and guide any sort of party, big or

SUMMER HINTS FOR THE HOME DRESSMAKER

By KEDDA ROYT
Fashion Editor of United Press
(Written for United Press)
NEW YORK, July 15.—(United Press.)—
Noodles and pins,
Noodles and pins,
When summer comes
A girl's trouble begins!

The sudden warm spell has caught many of us unawares, for we were beginning to think that a couple of silk frocks would carry us through what threatened to be a cool summer. With the farm days, womanhood has blossomed out in voiles and organdies, many of which are of home making. It has often been said, summer is the season when the poor girl chafes, for summery materials come within the means of every woman. It is the season when the clothes of the rich and of the poor differ only in their cut and making. A great many women take pleasure in summer sewing and it is for the same seamstress that this article is written.

The first thing one has to consider in choosing the summer wardrobe is fabric and color. The younger woman can wear almost any bright summery color, while the matronly figure must adhere to the "rules of the stout" and choose less conspicuous colors and designs. Small figured patterns are always lovely on the stout person, providing the colors are not too brilliant. Small-figured crepes and voiles are very effective when combined with a solid color wash carries out the main shade of the printed material. Large-figured materials and beauteous effects are restricted to youth and slenderness.

A Pretty Frock
Among the noticeably pretty frocks which have appeared during the last week we find the simple, almost sleeveless frocks with straight and unbelted lines which have their skirts trimmed with three rows of wide insertion, each row of insertion being finished at the bottom with a pleated ruffle of the frock material. Sometimes a narrow string sash ties at a low waistline. This type of frock is very popular and is made of various materials, among which are printed silk and cotton crepes, plain crepes, all-over lace and voiles. When such a frock is made of wash material the lace which finishes the banding is shirred rather than pleated for laundering purposes. While the youthful, slender figure wears this sleeveless frock without a neckpiece or any sort of arm covering, the matronly figure is apt to wear a fluffy feather boa or a short pleated cape, which combines band of insertion with pleated material.

The Singer's Costume
Miss Anna Case, who sang daily at the Democratic convention, wears a frock of this type, which is bound to be becoming to the matronly figure. This is a white, summery georgette, with straight, long-waisted bodice and finely pleated skirt. There are no sleeves to this frock, but a cape of pleated white georgette extends just over the shoulder, being attached at the shoulder seams. Miss Case wears the popular, short wristlet gloves,

leaving the remainder of the arms bare. Of course, the tunic-skirt deserves considerable mention, since so many models are using it. Sometimes the tunic is achieved merely by attaching a pleated apron to the front of a simple frock, the tunic reaching just below the knees. Again, there may be a front and back apron, with a double sash joining them together at the sides. The three-tiered front tunic is also noticeable, with three flounces of the material forming the front of the skirt beginning at a low waistline.

A Lovely Silk Frock.
Among the lovely silk frocks one sees the colorful printed material shadowed by a complete over-dress of chiffon of a dark shade. Several such gowns used huge white polka dots on a blue background with an overdress of navy blue chiffon. This is effective on matronly figures. Rose-figured crepe with a brown chiffon over-dress is very lovely as one has the pretty vivid rose tints modified by the sheer over-dress.

However, the less a man takes the more often he doesn't have to apologize.

WATCHING THE SCOREBOARD

Yesterday's hero—"Gabby" Hartnett, Cubs catcher. He cracked out a brace of homers, the second day he has done so this week.

Ty Cobb's Tigers took the Yanks in their own stadium and shook them out of first place. Pegnook and Wells engaging in a pitching duel which ended in the latter's favor, 3 to 1. Detroit is now leading the league.

The Senators broke even with the White Sox in a double bill, losing the first, 4 to 0, and winning the second, 4 to 1.

The Giants slaughtered three Red twirlers, making seventeen hits and piling up such a lead that a ninth inning rally by the home team failed to have effect, New York winning 9 to 4.

After losing nine straight games, the Red Sox turned on the Indians and won an eleven inning game, 4 to 3.

The Cubs and Braves divided a double bill, McNamara checking Chicago in the first, winning 3 to 1, only to have the home team turn upon the victors and take the second, 8 to 4. The Browns drove Hasty from the

mound and beat the Athletics, 5 to 3. The Phils came from behind to take the Cards into camp, 5 to 2.

In a game cut short by rain in the sixth inning, the Dodgers beat the Pirates, 4 to 1, taking third place from their victims.

Yesterday's Homers

Hartnett, Cubs, 2—15.
Schultz, Phils, 1—5.
Gonzales, Cards, 1—1.
Pichish, Red Sox, 1—1.
Home Run Leaders
Ruth, Yankees, 23.
Fournier, Dodgers, 21.
Williams, Browns, 16.

Hauser, Athletics, 15.
Hartnett, Cubs, 15.

FIGHTS AND FIGHTERS

NEW YORK.—Rain caused postponement of the Jack Bernstein-Jack Zivic lightweight elimination bout, but fair weather today promised the bout would be held tonight.

NEW YORK.—Gene Tunney and Georges Carpentier ended strenuous training for their championship bout tomorrow night. The American lightweight title holder is a decided favorite.

MEN WHO FIGURE IN NEWS OF THE DAY.

Above: CHARLES LAWRENCE & CHARLES BURDETTE Below: ARTHUR BARNETT & BURTON EVERETT

U. S. Senator Burton K. Wheeler, Democrat, of Montana, has bolted the Democratic Presidential ticket and will take the stump for Robert M. La Follette, progressive Republican, asserting John W. Davis's connection with J. P. Morgan & Co. makes it impossible to vote for him. Arthur Pomeroy, Government counsel in the oil fraud cases, has left Washington for Los Angeles, to expedite the Government's suit to recover the Elk Hill oil reserves. Governor Charles W. Bryan, of Nebraska, Democratic Vice-Presidential nominee, is shown in his overalls, hard at work on his farm. No he isn't. Charles Lawrence, baggage master from Omaha, Neb., on train that took Governor Bryan home, is his exact double and is often taken for him. Colonel Charles R. Forbes, former head of the Veterans' Bureau, indicted in Chicago on charges of bribery, is so ill in the East that he may not live to face trial Sept. 15.

ONLY 3 COUPONS

As long as this great offer lasts, a Bible Coupon is being printed in these columns daily. Three of these coupons will enable the holder to take advantage of our offer explained therein. The idea is to encourage Bible reading in order to overcome the world's unrest—a movement which is being sponsored by leading newspapers of this country. Make your selection early—Style A, Big Print Red Letter Edition as shown in the accompanying illustration; or Style B, medium large print, which is less elaborately bound but just as complete and durable.

MEXIA DAILY NEWS

wants every reader to accept this offer.

Both Styles contain these Special Features

This greatly reduced illustration shows Style A, which readers get for three coupons and only \$1.98
Style B is not so expensively bound, and, with 3 coupons is only 98c

NEW DEPARTMENT IS ADDED TO MEXIA HIGH SCHOOL

The Mexia School Board has recently authorized the establishment of a Commercial Department in the High School. The course will cover some two or three years of study and for the present will include stenography, shorthand and typewriting. It is very likely that other commercial branches will be added in the future, provided there is sufficient demand for them. It is felt that the practical nature of this department will make it of much service to the community. Miss Rosa Wells, a graduate of Baylor and the University of Texas, has been secured as instructor.

PREVENTABLE FIRE LOSSES

In some of the western states, fire losses from preventable causes or causes partly preventable far exceed losses per capita in eastern states.

This is probably due to a smaller percentage of fire proof construction and also less efficient water supply and fire fighting apparatus.

For instance, in Oregon the losses from fire laid to carelessness and those originating from partly preventable causes totaled \$19,275,500 in 7 years past.

These figures of the State Insurance Commissioner, on basis of 750,000 population, would indicate over \$16 per capita annual fire loss.

In some of the western states, the annual per capita fire loss is shown to be rapidly increasing. Oregon losses aggregating \$8,213,532 during 1923 with insurance paid of \$5,357,487 during 1923.

On the basis of per capita losses in Oregon over a period of 7 years, fire losses from all causes in the United States would total \$1,670,000,000.

This total far exceeds actual losses in United States and proves that per capita losses in Oregon far exceeds average per capita loss in the 48 states.

Compliment is often heard that insurance rates in one section of the country are lower than in another section. The reason for this is shown by the per capita loss average in other states. The rates should be highest where the risk is greatest. Otherwise the careful citizen in one state or city pays for the carelessness of the reckless citizen in another state or city. A continued high loss ratio means eventually higher insurance rates, and vice versa.

APPLIED MATHEMATICS

(In the Literary Digest for July 10, 1924.)

The old lady was timidly inspecting the stock of spectacles.

"How much are these?" she asked, selecting a pair.

"A dollar and a half, madam."

"And how much without the case?"

"Well, the case makes little difference. Suppose we say \$1.45."

"What? Is the case only worth five cents?"

"Yes, madam," firmly.

"Well, I'm very glad to hear it; it's the case I want."

And, placing a nickel on the counter, the dear old lady took up the case and walked timidly into the street, while the optician gasped for breath.

MEN AND WOMEN IN NEWS OF THE DAY

Below: SAID ZAGLOUL, PASHA'S MISS PHILIPPA WENDELL, Countess of Carnarvon, has been announced in London. Frank Hussey, a 17-year-old New York schoolboy, led the American relay teams to victory in the 400-metre and 1,600-metre races in the Olympic games in Paris. Said Zogloul Pasha, Premier of Egypt, was wounded in the arm by a shot fired by a student in Cairo. R. de Goroc, of New York, chief caterer to the Prince of Wales on his American visit, has revealed that on his last American tour the Prince kept six valets busy dressing him up.

FALLAS COUNTY JUDGE SPENDS WHILE IN MEXIA

Hon. Walter S. H. Hunnicutt, County Judge of Falls County, of Marlin, was in Mexia Wednesday morning in the interest of the candidacy of Judge Spivey. He left for Waco about noon and it is understood will

return here later in the day. Judge Hunnicutt is well known in Mexia by former students of the University of Texas. He was a student in the law department and for several years band director of the famous T. U. Longhorns and one of the most popular men in school in his day.

VERY FIRST BOTTLE BROUGHT HER RELIEF

Ascribing the splendid health she has enjoyed for the past six years to the help she received from Tanlac at that time, Mrs. Maggie LaFrance, 215 Archer St., Waco, Texas, says:

"Tanlac made a new woman of me six years ago and since then I have appreciated good health as I never had before. I had been nervous, run-down, weak and dizzy for two years. My appetite had left me, my stomach always troubled me after eating; I never slept well and had so little strength and energy that I would just drag around in looking after my household duties. I had lost weight until I was just a skeleton of myself."

"Tanlac was so well suited to my needs that I felt better after the first bottle. Five bottles brought me complete relief from all my troubles and increased my weight 15 pounds. I now weigh 135 pounds, which is more than I ever weighed before and I have energy and strength in abundance."

"Besides doing all my own work I frequently help the neighbors with their work, too. I certainly can praise Tanlac for I know from experience and not from what others say, what a wonderful medicine it is."

Tanlac is for sale by all good

druggists. Accept No Substitute. Over 40 million bottles sold. Tanlac Vegetable Pills for constipation; made and recommended by the manufacturers of Tanlac.—Adv.

FIFTY YEARS IN MEXIA

Two Additional Credits Secured For Mexia School

Through the efforts of the boys of the Manual Training Department of the Mexia High School and their

instructor, Mr. G. W. Evans, two additional credits have been secured from the State Board of Education. A total of four credits from the State Department are now held in manual training, covering two years of mechanical drawing and two years of shop work. These four units represent the largest number, which is allowed for this type of work.

"For Mexia, I WILL"

THE CIVILIZATION OF COTTON GIN.

It has been said that there is no such thing as a beautiful cemetery. It is a place of sorrow, marked by cold marble stones on which are written the history of generations that have passed to the eternal abode of the sons of man. But there is one cemetery near here, the appearance of which appeals to the heart and soul as well as the mind and eye. That is the Cotton Gin Cemetery. The Cotton Gin Cemetery Association is to be commended most earnestly because of the conscientious and constant care which has given the "city of sorrows" in those rural shades an appearance which pays a lofty tribute to the descendants of those buried within its silent and sacred confines. It is true that civilization may be judged by the care given the dead. The cannibal slaughters man and devours his bones; the barbarian and savage kill their kind and leave their ashes on the shore and desert to be wafted by unfriendly winds to graves of their own discovery and then forget that the dead ever lived. Christian civilization lowers the corpse of kinsman or friend into resting places formed by hands of love and then circles the mounds with wreaths of flowers, where they are watered by the tears of tender devotion and loyal homage. The Bible is scanned for epitaphs; the poets are referred to for beautiful tributes and then on monuments simple or stately, plain or ornamental, the words are engraved and connected with the names of those buried beneath those soulful slabs. Frequent or periodical visits are paid these last earthly resting places and each time the visitor is reminded of that city beyond where there is no pain, no sorrow and no death. At least that is the impression that strikes deeply in the soul of man or woman, boy or girl, who visits the spot at Cotton Gin. All our ceremonies should be kept that way.

THE FREEMAN'S SACRED RIGHT

BEN B. HUNT.

The ballot is the free man's right
For which our fathers died;
And you I should keep it clean
No matter what betide;
For on the fields of blood and pain,
Through battles gore and ghost,
Our fathers fought to make us free
As long as time shall last.

Ev'ry man should cast his vote
On this election day—
And cast it for his country's good
As ev'ry voter may.
He should not let a selfish thought
Upon his mind intrude,
Nor should he vote for any man
In careless thought or mood.

He should not let his friendship be
Alone his guiding star,
For he shall answer for his vote
Before God's judgment bar;
And when you walk up to the polls,
O noble friend of mine,
Just cast a free untrammelled vote
With purpose true and fine.

No man is free who cannot vote!
The ballot is his right!
To keep it pure and clean and free
We should forever fight.
For where oppressors reign or rule
No poor man's voice is heard—
Against a hard oppressing law
He dare not speak a word.

The greatest country on the globe,
On all this sun-kist earth,
Is this great land of your abode
Where freedom had its birth.
O men whose hearts are true and free,
O woman sweet and pure,
No selfish thought must guide your hand
If freedom shall endure!

The ballot is your sacred right
For which our fathers died;
And you and I should keep it clean,
No matter what betide.
For on the fields of blood and pain,
Through battles gore and ghost,
Our fathers fought to make us free
As long as time shall last!

1.
In the journey through life
There is more or less strife
And it comes to you and to me
To test and to try us
And ever defy us
To conquer, to win and be free,
So let's count the worries
As so many flourishes
For they cannot hurt a man's soul
If we dig our toes in
And determine to win
And always keep under control.

2.
There is friction I know
In a home that's "just so,"
But that is for smoothing the way
To closer connection
And deeper affection;
A home is not made in a day,
But, trusting each other,
Both Daddy and Mother,
As onward the years swiftly roll,
Forgetting, forgiving,
Will make life worth living,
And always keep under control.

3.
To bask in the fame
As "King of the game"—
A hero of National renown,
In the sport of our land
It is harder to stand
The popular acclaim than the frown,
For the one thing to dread
Is the inflated head
When you're at the top of the scroll,
So be silent with poise
And be one of the boys
And always keep under control.

4.
In every vocation
In human relation,
In business, profession or art,
In pleasure or work
It's dead easy to shirk
So be in the game from the start.
Remember these morals,
"Don't stand on your laurels"
"Success comes when you pay the toll"
"Never weaken—don't quit"
"Build the man—keep him fit"
And always keep under control.

lar size—about as large as a small
egg. Peel and cut into regular
rendelles. For six persons about one
and one-half pounds will be sufficient.
Wash well when cut and dry in a
napkin.

Butter thoroughly the casserole
"Anna" and arrange the rondelles in
bridge fashion, making concentric
circles, one going to the left and the
other to the right. Salt while arrang-
ing them.

When the casserole is full pour
over one-half a pound of hot melted
butter. Cover and bake in the oven
for thirty-five minutes. Turn out on
a serving dish, a perfect whole if
possible.

Two things will make or mar this
dish—a well-fitting cover and a hot
oven.

Gross debt of United States has
been reduced \$1,009,727,888 so far
during present fiscal year, bringing
it down to \$21,339,979,477. Peak of
the public debt was reached Aug. 31,
1919, at \$26,596,701,648. Now appar-
ent that fiscal year will close June
30 with treasury surplus of more
than \$400,000,000 despite 25% re-
duction in income taxes payable for
last year. From July 1, 1923, to
June 18, 1924, internal revenue col-
lections from income and profits
taxes alone have aggregated \$1,689,-

Mexia Is Enjoying Substantial Growth

The substantial, steady growth of Mexia is a subject of comment heard daily in this city, as folks go about and see evidences of progress. There's nothing magic or marvelous about the growth of the city at present. The saw and the hammer resound on many new homes that are soon to grace in their completed beauty sites in all sections of the city. The work on streets and roads and sidewalks in front of homes, too, have added considerably to business activity. It is now believed that by fall, building activity will be much on the increase. It is hoped also that more sidewalks may be built leading to the schools of the city, so that the children will not have to walk the streets and endanger their lives while en route to the seats of learning. The new homes built within the past year have added much to the appearance of the city. Much may be done now by cutting the weeds on all vacant lots. Lots grown up in weeds, it is pointed out, mar the looks of an entire street.

Local News

C. Huggins of Waco spent the day in Mexia Tuesday.

L. G. Carter of Corsicana was in Mexia on business Tuesday.

J. W. Hamilton from Waxahachie spent the day in Mexia Tuesday.

Jim McDonald from Fairfield spent Tuesday in Mexia.

J. W. Thomas of Wichita Falls was in Mexia on business Tuesday.

Ben H. Rice was a visitor from Marlin Tuesday and Wednesday.

Judge R. D. Elkins of Houston is a business visitor here today.

R. A. Parker is in Abilene on business.

A. L. George of Teague was in Mexia on business Tuesday.

Lon Eubanks of Groesbeck was here Tuesday in the interest of his candidacy for District Judge.

The Masonic lodge will work in the F. C. degree tonight. Visitors are always welcome.

Tom Cain was in the city Wednesday in interest of his candidacy for tax collector.

Miss Frances Bass went to Corsicana Tuesday afternoon to visit Miss Franchelle Jackson.

Robert Henderson from Groesbeck was in the city Wednesday in interest of his candidacy.

Johnson Wakefield of Groesbeck was in Mexia Wednesday morning in interest of his candidacy for county judge.

Miss Franchelle Jackson returned to her home in Corsicana Monday afternoon after a week's visit with Miss Frances Bass.

Attorney Calloway of Fort Worth is shaking hands with friends here today. He formerly practiced law in Mexia.

Albert Berry, Jr. of the Berry-Barnett Grocery Company is leaving today for a brief vacation in Dallas and other points.

The work of pouring concrete on North Kaufman to the cemetery is nearly completed and after it sets a couple of weeks the topping will then be put on and we will have another good street.

Many Mexia people are enjoying the annual reunion at Fairfield this week. A good program is given there every night this week, and ends up with a dance in the open air pavilion. Music furnished by the Mexia Elks orchestra.

J. W. Prickett and son "Teddy Boy" returned from Dallas Tuesday night where they have been visiting Mrs. Prickett in the Baptist sanitarium. Mrs. Prickett is reported doing nicely and it is hoped that she will soon be able to return home.

What's the use going elsewhere with your dented fenders and Bodies or Broken Springs when you can have it repaired as good as new at Pat F. Hopkins Wheel & Body Works on West Milam Street. Phone 725.

KENTUCKIANS AND THEIR FAMILIES MEET AUGUST 1

Hon. I. W. Keys, and other Kentuckians who are now loyal Texans residing in Mexia, are being apprised of a picnic for all former Kentuckians to be held at Lake Polk Park, near Temple, on Friday, August 1. H. C. Glenn of Temple is chairman of the committee and some first class Old Kentucky orators will enliven the program. Former Kentuckians and their families are being urged to attend.

According to tourists and Mexia citizens who have been to Houston by auto of late, the highway is in bad condition beyond the limits of Limestone county southward. The King of Trails has suffered on account of the dry weather but plans are under way for its repair and when completed will be one of the delightful stretches of highway in the state.

Woodman circle meets Friday evening at eight o'clock at K. P. Hall, all members are urged to be present.

HUMBLE MOTOR OILS

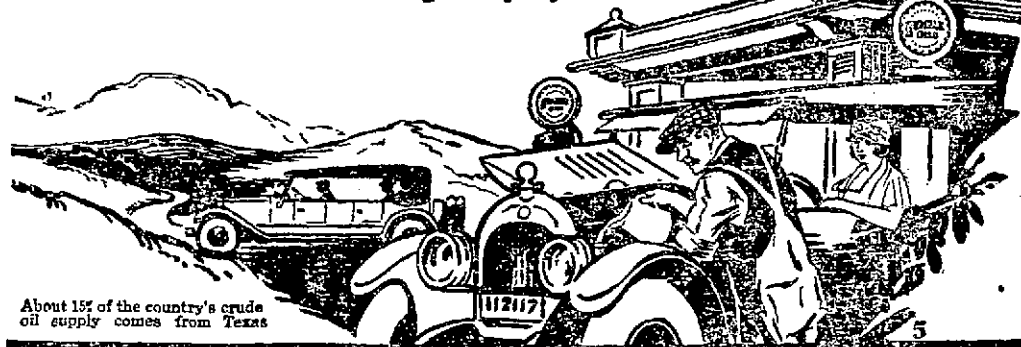

Unblended Lubricants From Cold Test Crudes

In order to get the desired viscosity, or body, many manufacturers blend their oils by mixing a heavy oil with a light oil in the correct proportion. This practice produces a "blended oil," the lighter portions of which quickly vaporize under the high temperature of the cylinder walls above the pistons—and the heavier portions leave a large residue of carbon when burned.

On the other hand, Humble Motor Oil is produced only from high-grade, cold-test crudes, and is "straight run." It is not mixed or blended. Humble Motor Oil is a clear, beautiful amber color, and has just the right "body" to properly lubricate all bearing surfaces in the motor and to stand up under the extreme heat to which it is subjected. Owing to the fact that it is unblended, there is but a small range between its lighter and heavier fractions, and it leaves but little carbon when burned.

Humble Motor Oil insures longer service life for the car.

Santone All Set For Big Gathering Of Texas Merchants

SAN ANTONIO, July 23.—Combining an aggressive educational program covering the field of salesmanship, store management, turn-over profits, meeting outside competition and community building, with style shows, theatre parties, banquets, chicken barbecues, fishing trips and sight seeing excursions to points of historic interest; the program as announced for Trade Season and Merchants Institute by the Trade Extension Department of the San Antonio Chamber of Commerce, offers instructive and entertainment features for retail merchants that have never before been attempted in the Southwest.

A comprehensive survey of conditions in the Southwest has previously been made and forwarded to Dr. Paul W. Ivey and Mr. Frank Stockdale, in order that the programs planned by them for the Merchants Clinics, may touch all the problems that confront the merchants of this section. Both men, who have done more for the retail merchandiser than any other two men in this country, have signified their intention of dealing directly with the situation in San Antonio's Trade Territory, and to at all times, keep away from generalities. In communications received from them, they urge merchants to bring their books, income tax returns, turn-over figures and any plans for community building which the merchants of their city may have under consideration.

Reservations are rapidly pouring in to the Chamber of Commerce and it is evident that the greatest number of representative merchants that have ever attended a Marketing, Season and Trade program in Texas will be in San Antonio, on August 4th, the opening day of the Merchants Institute.

Dr. Paul W. Ivey will be in charge of the business sessions from August 4th to August 7th, dividing his talks under the heads of Creative Selling, Producing Customers' Satisfaction, Personality in Selling, and Community Building. Mr. Frank Stockdale will handle the Clinics from August 11th to August 13th, taking as his subjects, Driving for Profits, Plans that Sell, and Making Figures Earn Profits.

Style shows and theatre parties, banquets and other entertainments are part of the daily program.

Every incoming train will be met and San Antonio's visitors taken to the Gunter Hotel, where headquarters for all activities of the week will be maintained.

A GLANCE AT THE RING

By FRANK GETTY (United Press Staff Correspondent) NEW YORK, July 15.—Fists have been flailing with such frequency this summer that every now and then one has to check up and see who really is who.

In the heavyweight ranks, we find one of our most (unconsciously) amusing young film actors still ensconced in the driver's seat. It looks as though Jack might remain quite a while at the top, if he doesn't develop Kleig eyes or get shot by somebody's chauffeur or some other terrible thing such as happens to heavyweight boxers.

Among light-heavies, the world's champion still is Mike McTigue of Dublin. Now, Mike is a mighty fine brother of a lad, and his heart is as big as the side of a barn, but he just hasn't the stuff whereof champions, even in this day and age, are made. Still, Mike has the title, and shows no disposition to give it up—which is what he is bound to do the first time he sets foot in the ring.

Harry Greb, bounding Pittsburgher, inveterate and veteran survivor of several hundred fights, took his title to Michigan City with him earlier this month.

Mickey Walker, popular young Elizabeth, N. J., welterweight, is figuring on taking on Benny Leonard, who has a crown of his own in the next lighter division. This, if and when it comes off, should be the battle of the year.

Kid Sullivan's junior lightweight title may have taken wings before this gets into print.

The veteran Johnny Dundee, who lost one of his titles in Brooklyn last month, is finding trouble in getting down to the featherweight limit, and may soon be out of things.

Abe Goldstein is being pursued by Joe Lynch, who wants a crack at the crown the Jewish boy won from him in the Garden last winter.

While among the little men, the brown-skinned Pancho Villa, although slowing perceptibly, still looks as good as any of them.

So there haven't been so many changes after all, the champs, with a couple of exceptions, are flitting with trouble—and fat purses.

Here's How It Happened

The Inside Story of the National Democratic Convention.

By A. GARLAND ADAIR Managing Editor of The Mexia Daily News

NUMBER 11.

CONVENTION FIGURES

Pat Harrison, Senator from Mississippi, delivered the key note speech at the National Democratic Convention and is therefore due first mention in any review of convention figures.

The young keynoter had had plenty of advice and information, and blessed with the courage of his convictions, he spared not in his address which, no doubt, was as good a campaign speech as it was a key note address.

"Clean government" is the cry of the Democrats which he sounded.

And "Clean government" is the cry of Democrats all over the land today. A "keynoter," like any other campaigner, must have a wonderful supply of patience. No spokesman of a great party can be a lay unto himself. He must submit to suggestion, if not to discipline. Suggestions swarm in upon him like a swarm of locusts and it is his business to revamp and resubmit all these suggestions and then memorize what he is going to say.

So, it was that he came before the convention in fine fettle and knew just what he was going to say before he began to speak.

The people have read his scathing criticism of Republican officials who have failed to perform their duties while serving in public office and the Democrats have accepted his phrases as fine American doctrine and will, no doubt, in all Democratic primaries select men of their party for office in whom they may trust for the most business like, economical, efficient administration of affairs and men who will use the office for the public weal rather than for private gain, for the benefit of the masses, rather than for the special benefit of the favored few. To do otherwise would be to place themselves in the position with the

Prayer meeting services are being held at all the churches of the city tonight. The attendance of every one is urged. These weekly meetings are sources of much comfort to those who attend.

Many scouts of the various oil companies in this section spent considerable time Tuesday night, watching developments at the wildcat test near Thornton.

Prim Prest.

kettle that called the pot black. Pat Harrison is one of the most attractive personalities in the Democratic party. He is a man of boyish charm. Frowns are seldom seen on his countenance. A spirit of youthful enthusiasm, even mischief, frequently shines in his big, clear, merry eyes. His manner is unconsciously winning. The spontaneity, the lack of pretense or pose, the inherent cordiality of the man, all appeal to his auditors—and captivate those who come in contact with him. His voice is full, rich, flexible, denoting earnestness and sincerity of purpose. A suggestion of old fashioned Southern chivalry is seen in his face. His sense of humor is keen, and he uses it freely on his enemy, whether in the Senate of the United States or in a key note speech in a Democratic convention. His fire flames to warm and enthrall rather than to consume and antagonize. It is difficult to think of him as hating anyone, according to those who know him best.

The decision that such a man should deliver the keynote and handle the subject of the hour was therefore one of the wisest acts of the committee. Some said that he could not get by with his speech before he delivered it. They had read it and it read almost as hard as it sounded. But he did get by with it. He put it over in fine fashion and his smile with every blow helped him do it.

His demeanor, his manner, his outstanding characteristics, in this particular, recommended these virtues to those engaged in the present campaign.

The same chivalry and courage, the same poise but unbending purpose, the same demand for change in government and ambition for better government, cleaner government by unselfish office holders, and all in the fine spirit of calmness and good humor must attend the campaign being waged in this country, in this district and in this state.

"If you can hold your head while all about you are losing theirs and blaming it on you; if you can trust yourself while all men doubt you, but make allowance for their doubting too; if you can walk with crowds and keep your virtue or talk with kings and retain the common touch; if neither foes nor loving friends can hurt you and all men count with you, but none too much; if you can give each unforgiving minute sixty seconds worth of distance run, yours is the world and all that's in it and what is more you'll be a Democrat, my son."

(By International News Service) Fruit Flamri.

PARIS, July 14.—Now is the time when the streets of Paris are lined with lovely fresh fruits, piled high in the little market carts. And there is nothing nicer than a fruit flamri for luncheon desert.

Drop one-fourth pound of semolina into a pint of water and white wine (if it can be obtained.) Mix well and cook slowly for twenty minutes. Add one-fourth pound of sugar and a pinch of salt, one whole egg and the whites of three eggs well beaten.

Fill a buttered mould three-fourths full. Cook in a double-boiler over a slow fire and let cool. Remove from the mould and nap copiously with a puree of fresh fruit well sweetened. Strawberries, currants, plums or apricots are always delicious.

A PLEA TO MEN

Please Keep Your Hair By Edna Wallace Hopper You men admire luxuriant hair, thick and lustrous, healthy, clean. And so do we, dear sirs. Then, why will you, through sheer neglect, let your hair disappear.

My hair is finer than 40 years ago. It grows thicker every year. I have never known falling hair or dandruff and never a touch of gray. Just because I searched the world for the best hair helps men know. And I had them combined in a tonic and cleanser that Youth. From time to time each better help discovered has been added to it.

I believe the experts I consult know all that is known about hair. I know they supply me their utmost. Certainly no factors ever discovered have brought finer hair than mine.

Now I offer you, as I offer women, this supreme help for the hair. It is concentrated. You apply it with an eyedropper directly to the scalp. There it combats the hardened oil and dandruff which so stifle the hair roots. It tones and stimulates. Then hair thrives just as flowers thrive in a well-kept garden.

I know that here I place at your command the greatest hair help in existence. Not some fallacious theory, not some ordinary tonic, but the best that science has discovered, so far as I can find.

All druggists and toilet counters supply my Hair Youth under guarantee. The first package brings you help you seek, or I will pay the cost. The cost is 50 cents and \$1 with eyedropper. Let me urge you to try it. We women—all of us—love to see heavy, healthy hair. And I have found the way.

I will send you a bottle to try without cost if you mail this coupon to me. TRIAL BOTTLE FREE Edna Wallace Hopper 816 536 Lake Shore Drive, Chicago. I want to try Hair Youth.

without coming back to the wholesome atmosphere of America pleased as never before that he was born an American and will be permitted to live and die an American.—Owen D. Young.

radio sets have been manufactured and sold in the United States during past three years, with 560 broadcasting stations operating and 16,000 amateur transmitters sending and receiving by radio.

When people abuse you suspect yourself; when they praise you suspect them.

All the alienists in this country, and all the millions besides, cannot make the majority of the people believe that anything but pure cussedness causes 99 crimes out of every 100 committed.—Lebanon (Pa.) Evening Report.

Wealth isn't everything. Some of the nicest paunches on the beach belong to men of moderate means.—Youngstown (O.) Vindicator.

PIONEER NEWSIES WIN FROM CADDIES

The Pioneer News Stand baseball team a close one from the Country Club "Caddies" Monday afternoon on the Sumpter Street school grounds. It was a good game all the way through and the "Newsies" almost caused a riot in the last of the 9th inning with two strikes and two outs, by making the winning run at this crucial time. The news boys have been inactive for a good many weeks on account of not being able to find competition. They are now getting in shape for a game with the baptist Church to be played sometime this week.

A lot of people who grace the show window really belong on the bargain counter.

Has the passing of stays made women less staid?

FRENCH SET NEW ENDURANCE RECORD.

Above, in the airplane, is M. Coupet, the French aviator, who, with M. Brouhin, has just established a new endurance record, remaining in the air 37 hours 59 minutes and 12 seconds. The previous record had been held by Lieutenants Macready and Kelley, of the U. S. Army Air Service.

BE CAREFUL THIS SUMMER

Careless campers who leave their fires burning in the woods or toss lighted cigar and cigarette stubs into the brush, burned last season more timberland than was cut by all sawmills in the country all year.

Reforestation has been recognized for years as one of the great necessities. Something is being accomplished in this direction. But forest fires at present wipe out much more timber every year than is being regrown. Records kept by the forest service show that every year the area of forest land swept by fire is about twice as great as the area cut over by logging operations. Four-fifths of the fires each year are man made. They might be prevented by the exercise of ordinary care. Most of them start from hot coals left by campers or picnickers or from lighted cigarette butts, and some of them come through carelessness of settlers in burning up stump piles and brush heaps.

The burned-over acreage is largely cut-over land, which reduces the monetary loss, but the potential destruction is nevertheless terrific, for the fires on the cut-over acreage destroy the seeds and young growth that would reforest the land.

The forestry service says the first important step in reforestation is to start the growth on the cut-over land and on much of this land "effective protection against fire will be all that is necessary for this purpose."

Department of Agriculture expands and improves cotton market news service so that cotton growers and the industry may have current official information on market conditions and prices; service to cover entire cotton belt by mail, telephone, telegraph and radio.

July, 1924, the City Commission considered the returns and canvassed the same, and found that there was cast at said election 479 votes for the adoption of the Charter and 841 votes against the adoption of the Charter; and the Commission thereupon by resolution duly entered declared that the Charter so submitted was adopted by majority vote of the qualified voters of said City voting at said election; and

WHEREAS, the Charter adopted provided that there should be elected two additional members of the City Commission to hold office until the first Tuesday in April, 1926, or until their successors have been duly elected and qualified.

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA:

Section 1: That an election shall be held in the City of Mexia, Texas, on the 12th day of August, 1924, for the purpose of electing two additional members of the City Commission.

Section 2: That the polling place and presiding officers of said election shall be respectively as follows: The polling place shall be at the City Hall in the City of Mexia, Texas, and T. B. Chatham is hereby designated as presiding officer.

Section 3: That an election shall be held under the provisions of Section 4, Article XVII of the Charter of the City of Mexia, Texas.

Section 4: All persons desiring to become candidates for members of the City Commission shall file their names with the City Secretary of the City of Mexia, Texas, not later than the 8th day of August, 1924, at 5 o'clock p. m. and the names so filed shall be printed on said ballot as candidates to be voted upon at said election.

Section 5: A copy of this ordinance shall be sufficient notice of said election and ten (10) days notice of the time and place of holding said election shall be given by posting certified copies thereof at the place designated for holding said election, at least ten (10) days prior to the holding of said election, and by publication of said notice not less than ten (10) full days from day of the election.

Section 6: The fact that the Charter of the City of Mexia provides that there shall be five (5) members of the City Commission and that there are now only three creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinance to be read upon more than one day, and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage, approval and publication.

Passed and approved this 14th day of July, 1924.

E. WATSON, Mayor.

Attest: R. D. Morgan, City Secretary

AN ORDINANCE

Be It Ordained by the City Commission of the City of Mexia, Texas: Article 1: It shall be unlawful for any dog, either male or female, to run at large within the limits of the City of Mexia, Texas, unless wearing a license tag as hereinabove provided. Any dog found within the limits of the City of Mexia, unless confined in an enclosure, or is wearing a license tag as hereinabove provided whether accompanied by owner or alone, shall be killed without further notice to the owner.

Article 2: On and after the adoption of this ordinance it shall be unlawful for the City of Mexia, Texas, to issue a dog license tag to any owner or keeper of a dog within the limits of said City unless the application for said license is accompanied by a certificate of vaccination against rabies, signed by a recognized veterinarian, or some one else so authorized, setting forth that the dog for which the license is issued has been vaccinated against rabies within twelve months prior to the time of making the application.

Article 3: A license issued by said city under conditions set forth in Article Two (2) of this ordinance and properly attached to a collar and worn continuously by the dog for which it was issued will remove all restrictions regarding confinement as set forth in Section One (1) of this ordinance.

Article 4: After the passage and publication of this ordinance it shall be the duty of the Chief of Police and of each Policeman of said City to kill every dog which is not wearing a license tag unless said dog is confined in an enclosure.

Article 5: All Ordinances in conflict with this ordinance are hereby repealed.

Article 6: The fact that there is no ordinance regulating the licensing and vaccination of dogs creates an imperative public necessity that the rules requiring ordinances to be

read on more than one day be and the same is hereby suspended and that this ordinance take effect from and after its passage, approval and publication, and it is so ordained. Passed and approved as an emergency measure this 12th day of July, 1924.

E. WATSON,
Mayor of the City of Mexia, Texas.
Attest:
R. D. Morgan,
City Secretary. (Jul12-10t)

Wagstaff Known To Many of City

Quite a number of former service men of Mexia who were in the Thirty Sixth Division are interested in the campaign of Robert M. Wagstaff of Abilene for the post of State Commander of the American Legion. He is now practicing law at Abilene and according to announcements, if elected he intends to give a year of his time from his lucrative professional duties to the upbuilding of Legion affairs in Texas.

Mr. Wagstaff was a Captain in the Thirty Sixth.

He will also be remembered here by many ex-students of the University of Texas which he attended about ten years ago.

OFF AGAIN, GONE AGAIN TO WAGON WHEEL GAP

Fred Karner, accompanied by his daughter, Miss Frederika, leave Mexia Thursday morning in their car for Wagon Wheel Gap, Colorado, to spend a few weeks with their good friend Colonel A. E. Humphreys in his wonderful mountain reservation which lies way up nine thousand feet in the clouds.

Fred also carries a written commission from The News to Colonel Humphreys asking for an interview on the Democratic Presidential nominee, John W. Davis of West, Va. Both the Colonel and Mr. Davis being native West Virginians, we are anxious to get a pen expression of Colonel's opinion of the prospective president and will pass it to all Democratic papers in the Nation. Fred will also tour Yellowstone Park and probably return over the Southern route thru California, not returning home till the wild ducks fly south.

KNIGHTS OF PYTHIAS TO INSTALL OFFICERS

Travis Lodge No. 20, Knights of Pythias will meet in regular weekly session tomorrow (Thursday) night and in addition to the installation of officers, there will be work in the Third Rank. The district deputy grand chancellor will pay the lodge an official visit, and there will be refreshments served at the close of the meeting. Visitors are always welcome.

H. C. FELZ, C. C.

TUESDAY HOTTEST DAY SINCE AUGUST 18, 1923

According to Postmaster Isidore Newman, Tuesday was the hottest day Mexia has seen since the 18th of August last year. He states that the weather bureau station here recorded 101.72. The cool south winds of the several days before quieted down and made the heat felt both yesterday and last night more than any similar period this year.

FORMER MEXIA LAWYER CAMPAIGNING FOR BUCK FOR HIGH LEGAL OFFICE

Lindsey M. Brown, formerly of Mexia, now of Fort Worth, is campaigning at present in the interest of Judge R. H. Buck for Associate Justice of the Court of Civil Appeals of the Second Supreme Judicial District of Texas. He is now writing friends in Mexia in the interest of the candidacy of Judge Buck, stating that "He will bear the very closest investigation, and the more you know him and know of him, the better you will undoubtedly like him. I believe you will confer a favor upon yourself and your fellow Hexans and the State at large if you will go to the polls July 26, 1924 and vote for him."

AGED MASONS TO HAVE HOME IN VIRGINIA

ALEXANDRIA, Va., July 22.—A campaign to raise \$300,000 will be inaugurated in August by Charles H. Callahan, Grand Master of Masons of Virginia. The money is to be used to build a home for aged and infirm members of the order who are without homes, have no relatives and who are sick and unable to care for themselves. The home is to be a memorial to Geo. W. Wright, former Grand Master of Masons in Virginia.

JUDGE A. M. BLACKMON

for the

77TH JUDICIAL DISTRICT

"Your Judge—and Ours."

The undersigned committee, reflecting the unanimous sentiment of his home people, take this method of soliciting your support for our friend and neighbor, Judge A. M. Blackmon. We know him, and we vouch for him.

Everyone agrees that Judge Blackmon has made an ideal judge. He has the ability, is always fair, and is by temperament peculiarly qualified for the position he now occupies. He has taken rank among the truly great judges of this State, and is so recognized by the members of the bar everywhere. With such a record can the people of this district afford to dispense with his services at this time? He is your judge, and ours. We have tried him, and know that he measures up to all the requirements of a real judge—why should we change? Vote your best judgement on July 26th—for the man who can best serve you.

has already been perfected by which two different radio programs can be transmitted over the lighting wires from the Staten Island generating station, and within a short time equipment for transmitting three programs will be completed. Tentative plans for Wircd Radio, Inc., a North American company subsidiary which is doing the development work, call for the eventual establishment of a nationwide "wired radio" service. This service will consist of three continuous programs from studios in New York, Chicago, and a Pacific Coast city which will be sent over trunk wires to central generating stations in all parts of the country. From the central stations these national programs (supplemented by local programs) will be transmitted to subscribers via the lighting lines. Each subscriber will be provided, at a monthly rental of \$2, with a small tuning device that is plugged into any convenient lamp socket. Because a large percentage of the monthly rental receipts can be devoted to paying for talent, the expectations are that wired radio programs will be of an exceptionally high quality.

NOTICE OF APPLICATION FOR PROBATE OF WILL

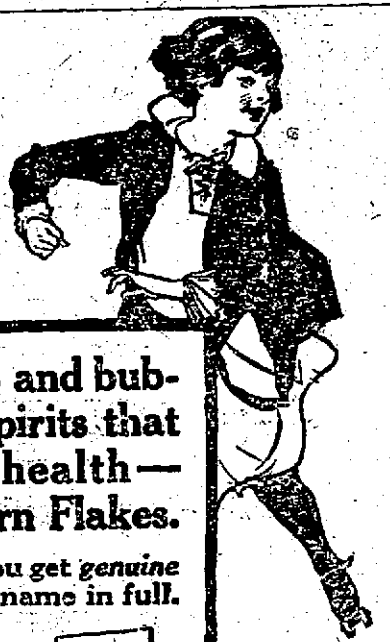

THE STATE OF TEXAS,
To the Sheriff of any Constable of Limestone County—Greeting:
You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Limestone, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof.

Notice of Application for Probate of Will.

THE STATE OF TEXAS,
To all Persons interested in the Estate of D. F. Hughes, Deceased.
A. P. Carter has filed in the County Court of Limestone County, an application for Probate of the Will of D. F. Hughes, Dec'd. which will be heard at the next Term of said Court, commencing the first Monday

in August, A. D. 1924, at the Court House thereof, in the town of Groesbeck, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.
Herein fail not, but have you then and there before said Court this writ, with your return thereon endorsed, showing how you have executed the same. Given under my hand and the seal of said Court this 18th day of July, A. D. 1924.

J. L. DAY,
Clerk County Court.
Limestone County, Texas.
By Anna Burney, Deputy.
A true copy I certify.
Whit Popejoy, Sheriff,
Limestone County, Texas.
N. P. Harris, Deputy. July 21-23

Eczema!

When hot weather is causing those "broken out" or inflamed places to itch so bad you want to scratch the skin off, is the best time to prove that—

BLACK AND WHITE OINTMENT AND SOAP

will heal the congested skin and allow the acid poisons to pass on out, instead of gathering and irritating everything.

They are sold by all dealers in liberal 25c and 50c packages. The 50c size ointment contains three times as much as the 25c size.
